18 Persons Die In Ohio Traffic Over Weekend

Miscellaneous Accidents Take Four Other Lives

By The Associated Press

Traffic	18
Miscellaneous	4
Total	22

At least 18 killed in traffic and four by miscellaneous causes added up to an accidental death toll of at least 22 for Ohio over the 54-hour weekend period ended at midnight Sunday, the count by The Associated Press shows.

Three double-fatality highway wrecks were included in a trail of traffic tragedy that rubbed out the lives of people from age 7 to 87.

The miscellaneous group had one death in a plane crah, one in a shooting—a father hit when his 7-year-old, with whom he was taking target practice, accidentally tripped a rifle off—one in a farm tractor turnover, and one—the youngest—by swallowing a bunch of his mother's high blood pressure pills.

FRIDAY

Jack Ford, 18-months, of near Carrollton, when he took an overdose of his mother's high blood pressure pills.

Lester Willis, 30, of Hamlin, W. Va., and Priscilla Paul 30, of Youngstown, when their car and a truck collided in Youngstown.

SATURDAY

Elmer L. Belknap, 31, of Brunswick, when he was thrown from his car and it rolled on top of him, on Medina County Road 17 near the Cuyahoga County line.

James irwin, 31, of Wellsville, when the car in which he was riding hit a tree at the Ohio 7-213 intersection at Yellow Creek.

David Hughes, 22, of Toronto, Ohio, in an auto crash on Ohio 7 north of Steubenville.

George W. Shappard, 57, of Worthington, when his car hit a tree at Waldo, Marion County.

Mrs. James Karshner, 39, of Nelsonville, in a plane crash at Diamond Airport near Nelsonville.

Fred Kuhlman of Cincinnati, of injuries suffered Friday night when hit by a truck in Cincinnati.

Robert Dean, 21, of Chippewa Lake, when the car in which he was riding was hit by a freight train near the Wayne - Medina county line.

David Allen Eastlake, 7, of near Jefferson, when he ran into the side of a moving car on Ohio 6 near his home.

Walter Guyette, 14, of Thompson, Geauga County, when pinned under a tractor he was operating on a neighbor's farm.

SUNDAY

Billy R. Galloway, 26, of Willoughby, and Charles Banker, 25, of Eastlake, when their car crashed through a guard rail on Ohio 283 near Mentor and plunged down an embankment.

Soviet Premier Says Positions 'Irreconcilable'

Walter Reuther Called 'Dictator' By Red Leader

SAN FRANCISCO (AP)—Nikita Khrushchev kept his peculiar brand of belligerent diplomacy going full blast at a tumultuous dinner session with a group of American labor leaders Sunday night.

The Soviet Premier, according to the union chiefs, blew up on at least a half-dozen occasions and ound up conceding: "Our positions are irreconcilable."

Walter Reuther, Auto Workers Union president and spokesman for the labor group, said Khrushchev accused him of being a dictator and "a capitalistic stooge."

"I certainly think Mr. Khrushchev feels we gave him a very bad time—he made that quite clear," Reuther told a jammed news conference after the three-hour, 2½-minute private dinner.

The union men said they blasted communism in no uncertain terms and told Khrushchev of American workers' devotion to freedom. They said Khrushchev defended the Communist system and both sides thereupon agreed to disagree.

No effort was made to tone down questions, Reuther said, although there had been advance word State Department officials wanted to avoid having Khrushchev further irritated on his American tour. Reuther said his group had received no request for a kid glove approach.

Khrushchev didn't budge an inch. When asked about the 1956 revolt in Hungary, suppressed by Soviet troops, he accused the revolutionaries of being "hooligans and saboteurs."

Why is it that Soviet workers have no right to strike—a freedom extended workers in this country—Khrushchev was asked.

His reply, the union men said, was that Soviet workers have such a right, but never exercise it feeling, according to Khrushchev, their government will take care of them.

Emil Rieve, board chairman of the Textile Workers, asked Khrushchev if it weren't possible to have socialism without dictatorship.

"He sort of lost control of himself at this point," Reuther said. "He attempted to dismiss it as a stupid question not worthy of discussion. He never answered."

CROWD WAVES GOODBYE TO DEPARTING PREMIER — A smiling crowd waves farewell to Russia's Premier Nikita Khrushchev as his special train pulls out of the station en route to San Francisco at the end of a short stop at Glendale, Calif., Sunday. English translation of the sign at center is "Good Job on Hungary, Nikolai." Printed in English at the bottom of the sign are the words "Made By Slave Labor."

Sen. Johnson Faces Pressures

Next Session May Be Liveliest

WASHINGTON (AP) — Senate Democratic Leader Lyndon B. Johnson of Texas has some political due-bills maturing in January which could make the next session one of Congress' liveliest.

Johnson will be under pressure from the Senate's liberal Democrats to wangle passage of legislation to which they can point as progressive when the party delegates sit down to write their presidential campaign platform.

The majority leader, who likes to keep to the middle of the road, has some informal commitments which may bring before the Senate such controversial subjects as civil rights, housing, farm, minimum wage and school construction. Johnson himself has proposed a program of 100 million dollars a year of government insurance of loans to college students.

Faced with a string of presidential vetoes, Johnson was forced to narrow the scope of what the Democrats regard as progressive legislation in the session which ended this month.

There is every sign he will face the same kind of White House opposition in the new session beginning in January. Johnson's attitude is likely to be the same as in the past—that it is better to create laws than to create issues.

Wheher this course will be politically beneficial to the Democratic leader remains to be seen. When vetoes came despite his efforts to trim bills to avoid them, Johnson lost some political face.

On the other hand, he may have strengthened his appeal to the moderate wing of his party which will have a great deal to say about which aspirant is chosen as

U.N. To Hear Indictment Today

Stiff U.S. Charges Face Red Chinese

— The United States planned a stern indictment of Communist China today — the week before Soviet Premier Nikita Khrushchev goes to Peiping for a visit.

U.S. delegate Walter S. Robertson was ready to lay the charges before the General Assembly and urge that the question of seating the Chinese Reds in the U.N. be shelved for the rest of this three-month session.

Indian Defense Minister V. K. Krishna Menon and a high Soviet delegate — perhaps Deputy Foreign Minister Vasily V. Kuznetsov — were expected to take the lead in seeking a hearing of Communist China's claim to U.N. representation.

Menon has done this here year after year, to no avail.

Robertson, an Assembly delegate for the first time, was a firm opponent of Communist China in his six years as assistant secretary of state for Far Eastern affairs.

A U.S. delegation source said Robertson's speech would be "'the strongest we have made on the subject" in the eight years the Assembly has refused to take up the question of who should represent China.

Robertson was expected to accuse Communist China of crushing Tibet, meddling in Laos, menacing Nationalist Formosa and occupying parts of India—all by way of showing she was not peace-loving and so not entitled to sit in the U.N.

The informant said the United States counted on getting a decision to shelve the China issue this year by a vote equal to or better than last year's when the ballot was 44 to 28 with 9 abstentions.

Khrushchev gets back to Moscow next Monday from his 13-day U.S. tour, and will leave the following day for Peiping for the Oct. 1 celebration of the 10th birthday of the Communist Chinese People's Republic.

Questioned Sunday night on NBC-TV's "Meet the Press," Menon charged Communist China with aggression against Indian borde regions and warned that India would not be "intruded upon." He argued Red China should be at the U.N. because thus "settlements (would be) more possible." He said Red China's presence here was necessary to proper consideration of such problems as disarmament.

"We do not," he declared, "want a very powerful neighbor on our frontier who is outside the United Nations."

Soviet Premier Has Easy Day

No Speech-Making Until Dinnertime

SAN FRANCISCO (AP) — Outspoken Nikita Khrushchev, who seems to plunge into an argument at every formal dinner, changes his pace again today.

His schedule calls for sightseeing by boat and by automobile, with a look at a housing development, a supermarket and a drug store.

Nowhere—at least until tonight — is he likely to run into a dispute similar to the one he had Sunday night with seven American labor leaders.

Today should be different.

Along with sightseeing, Khrushchev will drop in on the San Jose plant of the International Business Machine Corp., lunch with the workers in the cafeteria and look at the big electronic monsters that so intrigued him at the American fair in Moscow.

For reasons never made clear, a trip to the Stanford research institution at Menlo Park was canceled.

Tonight, when Mayor George Christopher presides over a dinner, Khrushchev will return to formal speech-making.

Sunday turned into another typical Khrushchev day, with comedy, scenery, joviality and fireworks all jumbled together.

The fireworks, appropriately, were saved for the night.

It would have been a rare sight: Khrushchev, who speaks for the toilers of the Soviet Union, and the union leaders, who represent millions of U.S. workers, sitting down to a fancy dinner in the swank Mark Hopkins Hotel.

No outsiders were present. All that is known of what went on comes from a news conference held by the labor leaders.

Until this meeting, the Sabbath was relatively calm for Khrushchev — and a warm reception at the hotel had put him in fine humor.

Concerts Assn. Sets Dates For Programs

The Community Concerts Association of Northern Columbiana County has completed booking arrangements with Columbia Artists Management in New York and today announced the dates of its concerts for the coming season.

The 1959-1960 season will open with the presentation of Whittemore and Lowe, American duo-pianists, in the Junior High Auditorium Wednesday evening, Oct. 7. Internationally known, this two-piano team returns to Salem by popular demand.

The Chanticleers will be here on Monday evening, Dec. 7. For the past six seasons this quartet has appeared before audiences from coast to coast.

One of the feature concerts of the season is scheduled for Thursday evening, Feb. 18 when Mildred Miller, beautiful and talented mezzo-soprano of the Metropolitan Opera, concert stage, radio and television, will appear here.

The fourth and concluding program, Monday evening, April 4, will feature the Beaux Arts Trio of New York. This instrumental ensemble is composed of Daniel Guilet, violin, Bernad Greenhouse, cello, and Menahem Pressler, piano.

Membership cards will be mailed to the 760 members of Community Concerts Association by Sept. 30. Cards will carry the dates and time of Salem program as well as the dates of the concerts which the Alliance association will schedule at the end of its membership campaign this week.

Chief Deputy James Miller who is investigating said the burglars broke a window pane, reached in and turned the lock. They left by the rear door, he said.

Mrs. Lodge Calls Tour Interesting

Russian Leader's Wife At Ease With Americans

SAN FRANCISCO (AP)—Serene is the word for Mrs. Nina Khrushchev in the midst of her husband's unpredictable, hectic and free-wheeling tour.

Mrs. Khrushchev is on her first trip to a country of the West. Is she relaxed amid America's top diplomats, officials and movie stars?

"I've never seen her otherwise," reports her official hostess, Mrs. Henry Cabot Lodge, the tall, blonde wife of the U.S. ambassado to the United Nations.

Boston-born Mrs. Lodge, who moves with polished grace in diplomatic and social circles, calls the tour "'an experience I will never forget."

Mrs. Lodge believes the whole Khrushchev family is enjoying the visit to America, even if at times it may seem otherwise. Here are some of her impressions.

"Almost everything interests Mrs. Khrushchev," she says," the countryside, cattle, even the roofing on a house.

Mrs. Khrushchev laughed out loud at the Broadway musical "The Music Man;" liked the farm at Beltsville, Md., best of all. She seems to know a lot about trees and vegetables, spotting them accurately.

Mr. K Has Bizarre Train Ride

Khrushchev Meets Americans Up Close

SAN FRANCISCO (AP)—It was just plain old Nikita Khrushchev, simple man of the people, friendly politician, smiling hand-shaker, warm-hearted lover of children, staunch opponent of sin, four-square.

Any moment we expected him to say, "Why don't all you good folks just call me Nikky."

This was the Khrushchev that emerged in a bizarre train ride from Los Angeles to San Francisco — a ride which included touches of the space age, William Jennings Bryan, taut melodrama, low comedy and a running interview that looked like a floating crap game.

The long, orange and red train was loaded with sullen, furtive Soviet security men and nervous-looking American security men. Up ahead, Army helicopters hovered protectively over the track. Alongside, police cars raced along parallel highways.

Sheriff's deputies guarded the bridges. In some yards, uniformed police stood watch from the tops of freight cars. In the mountain passes, we half expected Indian scouts.

Then at Santa Barbara, the poor sheepherder who made good as the chairman of the Council of Ministers of the Union of Soviet Socialist Republics decided to do a little whistle-stopping.

He emerged smiling, waving, clasping his hands over his head like a Russian Tony Galento. He shook hands with the people and "the people," Nikita Khrushchev announced, "are wonderful — the people want peace."

A little girl of about six waved and the master of the Kremlin waved back. He was touched, he

Two Persons Hurt In Auto Mishaps Here

Three accidents, involving six autos, were investigated by police during the weekend. Two persons received minor injuries.

Mrs. Eloise Crumbaker, 38, of 141 N. Howard Ave. and John England Jr., 14, were injured when her son lost control of his car, causing it to crash into a building at 149 W. State St. after striking a telephone pole on the opposite side of the street at 6 p.m. Sunday. Police discovered the right front brake hose had broken.

Mrs. Crumbeker suffered contusions of the forehead. John received a bruised right leg. Both were treated at Central Clinic.

The driver, Ronnie G. Crumbaker, 16, lost control as he was trying to make a right turn off N. Ellsworth Ave. onto W. State St.

In one of two accidents Saturday, Daniel Miller, 18, of 1446 E. State St., was arrested for reckless driving after his auto struck a car driven by Laverne Laver, 38, of 1542 Southeast Blvd., and pushed it into a parked car owned by Robert J. Muhleman of RD 5, Lisbon at 4 p.m.

Police said Miller was driving on the wrong side of E. 2nd St. when the accident occurred.

In the other mishap, at 6:30 p.m. Edwin L. George, 21, of RD 4, Salem, was cited for reckless operation after his auto struck the rear of a car driven by Florian C. Woolf, 51, of North Georgetown on W. 7th St. at N. Ellsworth Ave. as Woolf stopped for a traffic light.

In a non-accident arrest, Carl Barnard, 19, of RD 2, was arrested Friday evening for driving at a "nigh rate of speed," police said. He was fined $15 and costs by Mayor Harold Smith Saturday.

Grand Jury Report Is Expected Today

LISBON — Columbiana County's September Grand Jury is expected to report this afternoon, according to Prosecutor G. William Brokaw.

The grand jury received 53 transcrips, which are expected to be combined into 33 cases, Brokaw said.

Over 65 witnesses have testified before the jury.

USW, Industry Resume Talks In New York

NEW YORK (AP)—Negotiations in the nationwide steel industry strike resume here today after a recess since Friday.

Federal mediators continued their efforts toward settlement of the 69-day-old strike.

The strike of 500,000 members of the United Steelworkers of America has idled approximately 175,000 employes in related industries almost 90 per cent of the nation's steel production has been shut down.

The union is seeking a substantial wage increase and other benefits in a new contract. The industry, seeking a one-year freeze on wages and benefits, contends that any increase in labor costs would force a rise in steel prices and spur inflation. The union denies this.

Prestrike earnings averaged $3.11 an hour, according to federal government figures.

Area Church Breaks Ground

Methodists to Build Annex at Columbiana

COLUMBIANA — Groundbreaking for the First Methodist Church annex was held Sunday morning following the morning worship service. Two hundred and fifty were in attendance.

Those taking part in the ceremonies were the Rev. W. S. Longsworth, pastor; Wilson Lower, the church school superintendent; Robert Mauer, chairman of the building committee; D. W. Bailey, the chairman of the church trustees; Louis Way, chairman of the architects committee; and Allan White, chairman of the finance committee.

The new $140,000 addition will be located on the south side of the present church building. It will contain 12 classrooms, chapel, women's parlor, kitchenette and boiler room.

The project also will include some remodeling to the present edifice.

Construction has already begun, with completion scheduled to take approximately a year.

Mike Mercure Pleads Guilty On Tax Count

Mike Mercure, New Waterford coal mine and trucking concern operator, pleaded guilty to a charge of income tax evasion today in Federal District Court in Cleveland, U. S. Attorney William J. O'Neill said this morning.

The government dropped a second charge of understating his 1951 income by $45,000 when Mercure agreed to acknowledge the $25,000 he failed to list on his 1950 income tax return. The two-charge indictment against him was returned by a Federal Grand Jury Oct. 31, 1957.

Sentencing of the Columbiana County man is being delayed by Judge J. C. Connell pending a probationary report which is expected to be completed in about two weeks the U. S. commissioner's office said.

Mercure is associated with the Mercure Trucking Co. and the M & J Coal Mine Co. on Rt. 7 near New Waterford.

PROBE TRAFFIC MISHAP

A truck tractor, being towed by a wrecker, slightly damaged a car driven by William R. Jackson, 52, of Youngstown, Saturday morning about 10 on Rt. 165 near Petersburg, when the tractor swerved toward the left side of the road.

The wrecker was driven by Charles O. Kuntz, 46, of 408 E. Clark St., East Palestine. Canfield post highway patrolmen said the tractor's bumper caught the side of the auto.

How to Get the Best Education For Your Child

What To Do About Textbooks

This is the eleventh of 15 articles, condensed from the book, "How To Get the Best Education for Your Child," written by the former education editor of the New York Times and his wife, an educator herself.

By DR. BENJAMIN FINE
And LILLIAN FINE

"In case of fire throw this on first:"

Thus does Young America often inscribe its textbooks. Except for textbook salesmen and editors, it is hard to find anyone who has a good word for textbooks.

Yet in thousands of classes the textbook is the heart of the course. It helps many a bright youngster learn in spite of incompetent teachers.

It provides continuity when instruction is interrupted by changes in teachers or emergency closing of schools. It gives form and meaning to many vague, rather disorganized courses.

-:-

A GOOD AMERICAN textbook is the best in the world; it leaves foreign educators gasping with envy and admiration. Lavishly-illustrated in several colors, with clear, well - arranged type, exciting pictures, a wealth of teaching-learning aids, and carefully chosen words and examples, some of today's textbooks are superb tools.

Schools cannot and will not pay high prices for textbooks. Only about two cents out of every dollar spent for education goes for textbooks and printed teaching materials!

Textbook publishers are for the most part hardheaded businessmen. The top officials tend to be very conservative in political and economic viewpoints. They deal with school boards and school officials who are likewise cautious and conservative.

For this and other reasons, textbooks tend to be conservative and to change slowly. This point is stressed because of recent attacks on textbooks by superpatriotic groups.

-:-

NOT THAT AMERICAN textbooks are perfect or anywhere near it. They tend to go out of date faster than they can profitably be written and manufactured.

When a publisher gets a book or series selling well, he seems reluctant to make changes. This is not true of all publishers, of course. On the high school and college levels, mistakes are likely to bring a good many letters from teachers and even students, so the publisher usually tries to "plate patch" or correct minor mistakes in the next printing.

Some of the most widely used high school textbooks today contain misinterpretations that were exposed more than 30 years ago. In the social studies particularly we cannot afford to let children go on using textbooks 10 or more years old.

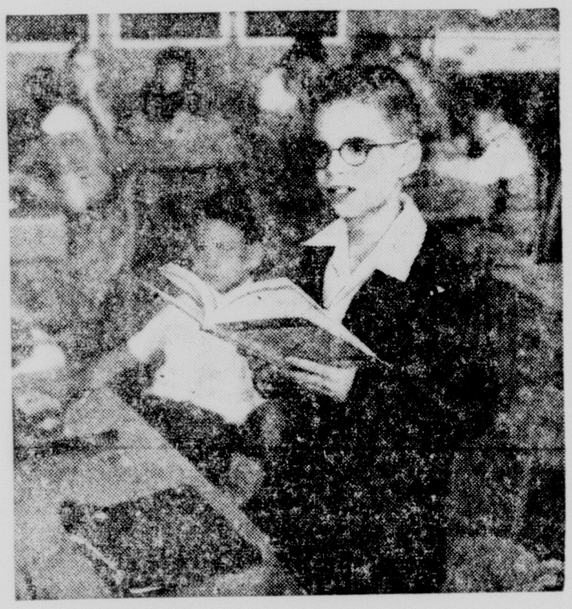

What can you as parents do about helping your children get good, modern textbooks?

-:-

FOR ONE THING, you can work for bigger appropriations for textbooks.

Do your children have access to supplementary books? Do they have a well-stocked school library? It is hard to get money for these items in many localities. Parental pressure can be helpful in persuading a board of education to grant money for them.

No parent or parents' group is qualified to choose or reject textbooks. This is a job for educators and subject-matter experts. They should choose textbooks after considerable thought and discussion and a thorough examination of competing books. In many states, a state commission chooses three books varies, but on the whole the material is much superior to the average teacher - made assignments.

A good textbook is a child's delight . . .

. . . And the cover can be interesting too.

undue influence being brought to bear on individual members of the commission.

-:-

SCHOOL BOARDS and administrators have a favorite "economy"; they are seldom willing to provide money for additional teaching maor four textbooks, any one of which is acceptable for use.

Most of these state commissions do a thorough, conscientious job, but there is often a possibility of terials to supplement textbooks.

Most publishers provide one or more forms of an objective test to be used with a textbook. They usually offer attractive workbooks. The quality of these tests and workterest seems worth doing. In the such teaching aids exist.

-:-

HOW CAN INSTRUCTORS be ignorant of the wealth of teaching aids prepared for them by master teachers and availagle at small cost?

Few people realize how isolated the average teacher is in her classroom. Textbook salesmen are often not permitted to visit her except after school. She has little chance to talk shop with anybody except the teachers in her own school or with her supervisor.

School boards often are willing to appropriate money for administrators to attend educational conferences but seldom will grant classroom teachers the privilege.

In a few communities, parent organizations have financed "scholarships" to permit classroom teachers to attend educational conferences.

Sometimes teachers are asked to tell a service club of PTA what new developments they learned about at a conference or summer session. These are all effective ways of encouraging teachers to be active in professional organizations.

-:-

ANYTHING A COMMUNITY or a parent can do to upgrade teaching and encourage professional iners seem completely unaware that long run it is the children who will benefit from the teachers' increased knowledge and improved techniques.

You can help your children by showing an interest in their textbooks and goig through a book with them page by page. Encourage them to read the introduction heads. For some reason, many pupils ignore these features. They also neglect to read the captions that accompany the pictures.

The chapter and unit summaries are another feature that boys and girls are likely to overlook unless someone shows them how helpfully they review and condense the material. Encourage your youngsters to test themselves by seeing if they can answer the questions at the end of the chapter.

Probably this all sounds pretty routine and time - consuming. In a way it is, but it can be of great help to a youngster.

NEXT: Getting ready for college.

Steubenville Man Escapes From Atlanta

ATLANTA (AP) — A convict broke out of the Atlanta Federal Penitentiary Sunday night while most of the other inmates of his cell block watched a movie.

Warden Fred T. Wilkinson identified him as Frank Lewis Rush, 29, of Steubenville, Ohio, serving two years for interstate transportation of a stolen car.

The warden said Rush was assisted by two companions who apparently helped him use a steel pipe to separate the bars on a window at the end of the cell block.

The window glass then was broken, the warden said, and Rush went out, climbed over a picket fence near the front of the prison and escaped across a field.

Guards heard the sound of breaking glass and captured the other two men while they were still inside the cell block, the warden said. Their names were not available.

Rush was working as an orderly in the cell block.

Industry Spokesman Cites Advantages of Electric Heat

The battle goes on among various industries in an effort to convince the general public that one form of heat or another is the best that can be used in homes.

Supporters of oil, gas and coal are constantly producing facts and figures intended to show that their particular fuel does the finest job of producing heat, from the stand-point of economy as well as comfort.

From time to time we have discussed various aspects of heating with oil, gas and coal. Now we have run across some figures which indicate that a little attention might be pai to a form of heat—electric—used quite extensively in the South and West.

-:-

THESE FIGURES SHOW that more than half a million homes now are electrically heated, with the total expected to reach four times that number in a few years.

What are the advantages of electric heat? Well let an industry spokesman, Roger Weiler, answer that:

"There is no flame to cause dirt and soot, thus lowering decorating costs substantially over a period of time. Most electric heating devices are actually controlled in the rooms, so the temperature in each room can be varied to actual need. And electric heat does not consume the humidity in the home and requires no humidifiers such as are necessary with most flame burning systems."

-:-

DOESN'T ELECTRIC heat cost more?

"While the cost of heating a home electrically is still higher than conventional methods, the added cost averages only $2 to $4 a month more for an average-sized home in areas where special rates are offered."

Weiler offered this additional information on electric heating:

Electric heating systems basically break down into two types—resistance heating and the heat-pump. Most existing installations are of the resistance variety. This latter type operates much like a toaster. An electric current is passed through an element such as a thin wire or coil. The element becomes hot because of its resistance to the current. With resistance heating, distribution is through the baseboard, celing cable or wall panel.

-:-

HEAT PUMPS WORK like air conditioners, except that they can both heat and cool the house. When heating, a pump collects heat from the outdoors and forces it inside the house. For cooling, the action is reversed. There is always some heat in the outside air. However, under 35 to 40 degrees Fahrenheit, the pump has a difficult time collecting enough heat for the entire house. In low temperature areas, resistance heating is used with the pumps to provide the extra heat needed.

Here's The Answer

QUESTION: We're having an outside faucet placed at the side of our house. How high should it be from the ground?

ANSWER: If a plumber is doing the job, he'll provide you with the answer for your particular need. Generally, it is wise to have the faucet high enough so that a pail or other type of bucket can be placed beneath it, even though the faucet may be used mostly for attaching a hose to it.

-:-

QUESTION : The wrought iron railings outside our house have begun to develop small rust spots. Must this rust be removed before the railings are repainted?

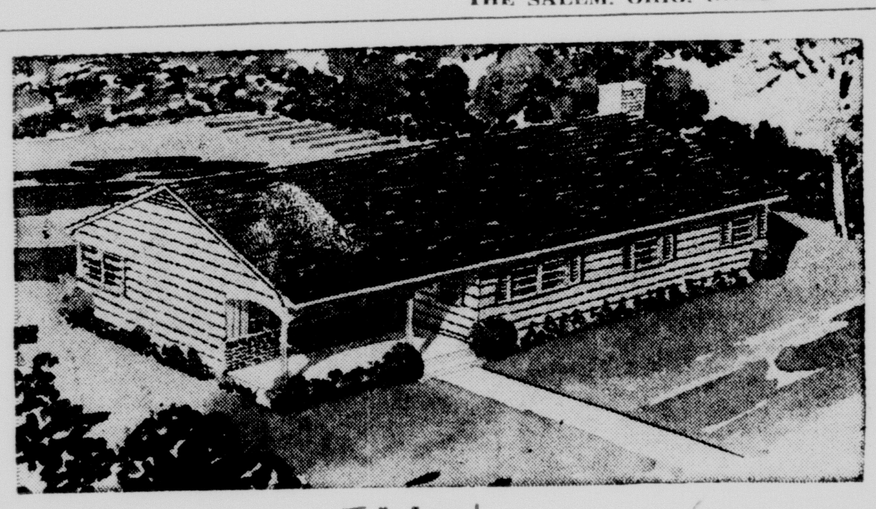

ANSWER: Brush away the loose rust particles with a wire brush. Apply one of the special red primer coasts which can be applied directly over firm rust. Then paint. Remember the important part: that the loose rust particles must be removed first.

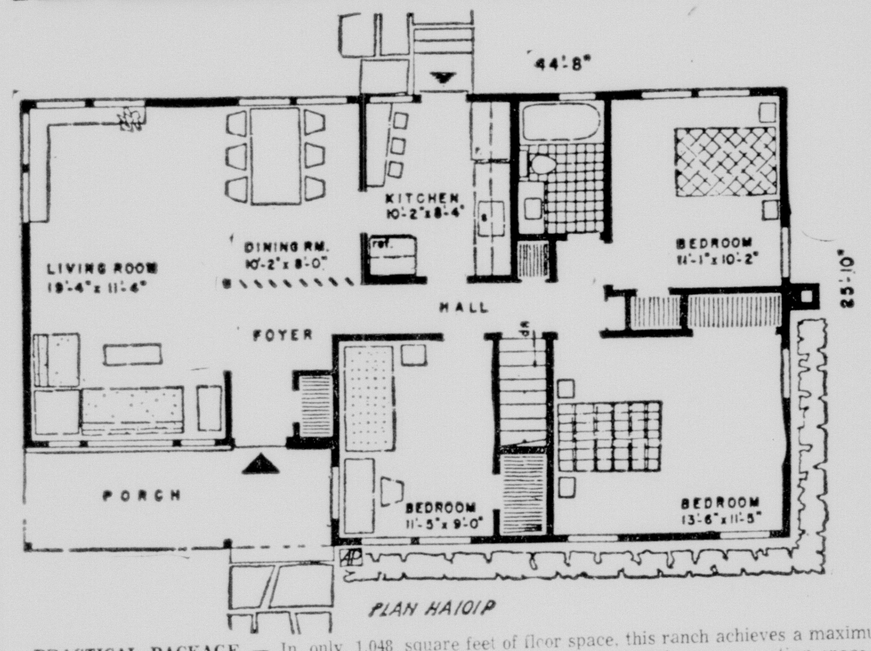

-:-

QUESTION: I added a front porch to our house some years ago. Some of the wooden boards on it have shrunk, leaving large cracks between them. I filled these cracks with putty and everything appeared to be fine for about a year. Now the putty has worked loose. Is there any way I can fill these cracks so that the filler will not come loose?

ANSWER: First of all, if the boards are loose in any way—that is, if they move when walked on—it will not make much difference how you fill the cracks: the filler will come out after a while. But if you are sure that all the boards are fastened tightly, fill the cracks with the kind of calking material used for wooden boats. When the openings are all filled, the very tiniest fraction of an inch below the surface, apply regular calking compound to make the repair level with the surface. You can paint the entire floor to disguise the repair.

Building or Buying House? Choice of Roof Is Important

Many families who plan to build or buy a home fail to realize the importance of the roof to their comfort and security, as well as the appearance and life of the house.

If you and your family are preparing to make an investment in a home, here are some questions to ask yourself (and your architect of builder about the roof.

1. Does it have sufficient pitch to provide extra living space when you need it, or at least to provide space for storage or a future air conditioning system?

2. Is the roofing material a top quality type, such as asphalt shingles, that will insure years of trouble-free protection from all kinds of harsh weather?

3. Does the roof have a rich, textured appearacne without harsh, annoying glare?

4. If the house is located in an area that is subject to high winds, does it have the new, specially wind-resistant asphalt shingles—the kind that stay in place during wind storms of even hurricane velocity?

5. Does the roof have a wide overhang to shade windows and side walls from hot summer sun, and to protect windows from rain and dirt?

6. Does it have color, such as one of the many shades of pastels and deep tones, that adds distinction to the entire house and provides a "key" color for side walls, trim, and other exterior features?

7. Was it properly applied? Does the roofing material lie flat and even, without ripples? Are hips, valleys,, and ridges properly sealed to keep out moisture?

When you ask these questions, keep in mind that the roof takes more punishment from sun, wind, and weather than any other component. It has to be tough to give good protection. It also must look good, since the roof often is the widest visible area on a house.

$350 Investment For Insulation Gives 14% Return

Like to make a blue-chip investment that will bring a cash return of at least 14 per cent year after year?

You can do it if you're building a new home by installing enough insulation to insure savings on heating fuel.

Here's how this can work for you:

Suppose your new home will have about 1,500 square feet of living space, and you decide to save money by skipping or skimping on insulation. If your house is in a central climate zone is in a central climate zone it will cost you about $30 per month to heat it during the five-month heating season—more in colder areas.

On the other hand, suppose you decide to install thick mineral wood—at least 4 inches in th ceiling and 3 inches in walls. Based on average national prices, it would cost about $350 to do this in your house.

Studies have shown that these thicknesses of mineral wool can cut your fuel bills by 30 to 40 per cent. This would amount to a reduction in your heating costs of between $9 and $12 per month. Using a conservative figure of $10 per month, this adds up to a savings of $50 per year—an investment of 14 per cent.

This continues as long as you live in the house, because mineral wool never wears out or needs maintenance. Meanwhile, the original investment stays in the house, increasing its resale value by at least $350.

A bonus is the fact that thick insulation provides more comfort, in winter, by helping to keep room temperatures even and stop cold dafts. In summer, it helps keep heat outside.

Owners of existing homes can take advantage of thi sam sort of investment oby having mineral wool blown into walls and ceilings by a professional insulation contractor.

Techniques Lower Costs Of Building

Top-quality homes can be built for less money today, thanks to new construction techniques and building materials that require less labor to install.

Among the more outstanding examples of this is an architects' axiom that it costs less to build wall areas when walls of windows are used.

The reason for this is that framing for a window opening, plus the narrow wall section costs much more per square foot in labor and materials than big windows. The late Frank Lloyd Wright was the firs to use this idea. Some of his homes have 50 windows, but only a half-dozen window openings.

Walls of ponderosa pine windows are available today from the factory, pre-assembled and ready to be fitted into place with a minimum of labor.

Another cost-saving technique practiced by many builders is the use of truss roof construction. Studies have shown that a low pitched roof of asphalt shingles Costs far less than a flat roof. Among the reasons for this are that a truss roof does not require load bearing walls on the interior as a flat roof does. In addition, less labor is needed to apply asphalt shingles than is required for other types of roofing.

When a house is to be air conditioned, proper insulation in walls, ceilings, and floors results in a marked savings on overall construction.

Mineral wool insulation, in a 6 inch thickness in the ceiling, a minimum of 3 inches in walls, and 2 inches in floors where needed, sharply reduces the costs of cooling equipment required.

How Long Will It Last?

Eleven thousand dollars. That's how much Life insurance the average insured family owns today. It seems to be a lot of money. It is.

But the hard fact is that this protection—even if all of it were on the family income-earner—would continue the average family's income for less than two years.

So, here's a question to ask yourself: How would *your* family get along if left with the protection *you* have? Could they live on it until your youngest child graduates from college—or even high school?

Such questions need to be answered, sooner or later. Your Metropolitan Man can chart, and leave with you, the answers that fit your family's special circumstances.

Like most people, you may be surprised to learn how much protection you can have, and afford, when a *tailor-made* plan is worked out by a man trained to help families to do the most practical kind of financial planning.

Your Metropolitan Man will work out a plan that will take into account not only your Life insurance but also your Social Security, savings and other assets.

He will answer your questions about your family's particular protection needs in the way that makes sense for you.

Mr. K. Encounters The Press

On question — and it was about the only one — was clearly answered when Nikita Khrushchev appeared before the National Press Club: Why was the Communist totalitarian willing to subject himself to the press conference?

The answers: He is a guest of this country and he doesn't speak the native tongue.

Among the posers put to him by some of the most prying members of the American press were a few that could have been downright embarrassing. How, for instance, did he justify Russia's intervention in the Hungarian revolution? Or what did he mean when he said he would bury America?

As it turned out, though, the premier did didn't answer the questions. He poured out long evasions and rebuttals and circumlocutions, but never came right to the point of answering the questions.

Because he is a guest of this country, he got by with it. The reporters present were polite enough to submit their queries in writing and thus preclude the possibility of pressing the matters.

Mr. Khrushchev got a further assist from the language barrier. All of the questions and all of the answers had to be translated two ways. That allowed plenty of time for carefully weighing the dialectics to be used. It also gave him the advantage of the margin of error ever present in the translator's art.

The latter point was emphasized when the American Broadcasting Co. called attention to the discrepancies between the versions of the premier's official translator, who spoke a more or less classic English, and those of its own translator, a United Nations veteran who used the idiomatic approach to catch all the slip, slur and spice in Mr. Khrushchev's statements.

How envious must have been the American politicians who had a chance to see the performance. Facing the press is an entirely different experience when the reporters speak your language and aren't given to accepting evasions, rebuttals and circumlocutions as the final answers to their questions. No less a personage than the President of the United States has been pinned to the wall when he tried to play footsie with a persistent press.

How happy the American people should be that that is the way things are done over here.

Everybody Must Be Viewed Alike

An alert Washington newspaperman who learned that all 47 senators who voted for the "bill of rights" in the 1959 labor-reform law had received $50 campaign contributions from a Florida businessman deserves praise for being on the ball.

Alert senators who spotted the danger in this kind of a financial monkeyshine and sent the money back without thinking twice about it were on the ball, too. They knew the danger of bad publicity, and besides some of them won't be running for anything for years. None of them needs a campaign contribution this year.

But it's always a fair question when something like this occurs to wonder about the other side of the cloth. Labor reform was a hot issue in Congress this year. Washington was full of lobbyists. The Teamsters Union brought in field representatives by the dozen to tell representatives and senators what its president, James R. Hoffa, wanted them to do and to give them a general ideas what he would do if they didn't do what he wanted them to do etc. AFL-CIO had its agents on hand. The U.S. Chamber of Commerce and the National Association of Manufacturers had that left-out feeling.

It seems likely that "campaign contributions" may have been flying around like confetti in a gale and that not all of them may have flown into the mail boxes of some flown into the mail boxes of some four dozen senators who voted for a certain section of the labor-reform bill.

This was the session of Congress that was supposed to have been fool-proofed against labor reform by campaign contributions that flew around in 1958, when candidates for Congress were campaigning. A campaign contribution is a campaign contribution and it smells just as sweet one year as another.

The question is: How many contributions from the other side of the issue were sent back where they came from lest some solon's integrity be compromised?

Congress Closes Up Shop

Whatever else it may have done or failed to do, the First Session of the 86th United States Congress gave professors of political science some good teaching material.

Its place in history's record books has not been decided, but teachers will be able to use it for years as a fine example of what the founding fathers had in mind when they set up the American system of checks and balances. The session can be summed up best as a broad compromise wrought by the political balance of power between the Republican executive branch and the Democratic legislative branch.

The surprising thing about this retrospective conclusion is that no one could predict it when the session got under way last January. The Democrats held the tightest grip on Capitol Hill they had enjoyed since the early years of the Franklin D. Roosevelt regime. The White House was in the hands of a "lame duck" President supposedly sapped of his previous vigor by age and a series of serious illnesses.

But the Democrat' grip proved to be weaker than anticipated and the Republican President proved to be more limber than lame. The result proved to be a session characterized by long hours, hard work and middle-of-the-road legislation along with the usual sound and fury.

There were a couple of noteworthy accomplishments for which President Eisenhower, displaying a new surge of the famed vitality that helped first elect him in 1952, could command the most credit.

One of these was the labor reform law aimed at clipping the wings of Teamster Boss Jimmy Hoff and any other union leader who got too big for the country's britches. When it looked as though the issue was a dead duck, the President stepped in, marshaled public opinion by direct appeal and applied the pressure that produced a bill stronger than had ever been hoped for.

The second achievement was the general campaign to cut down on fedeal spending. The Democratic leadership, particularly in the Senate, started out blasting the administration for its penny-pinching ways. But the voice of the tired taxpayers began to be heard part-way through the session, and soon the Democrats themselves were joining in the cutting bit.

Combining public opinion with his influential veto, the President helped the process along. His major defeat on that score was the rejection of his veto of the "pork barrel" bill, but that was a moral victory for the measure was a trimmed-down, second-try version of the original.

The proof of the session's pudding can be seen in the politicians' summing up. Nobody is completely happy but nobody is entirely dissatisfied either. Both sides can take a little credit and a little blame.

That is the sign of compromise, the essence of our founding fathers' democracy.

Once Over

Banks have introduced a hidden movie-camera which takes pictures of bandits throughout their "performance." The passion for getting photographed, being what it is, can increase reather than cut robberies.

We look for wholesale operations by characters invading banks not to get money but to get into a production number, confessing to cops, "I didn't get a dime but I ca'nt wait for the morning reviews of my picture."

Cop: So you thought you'd stick up a bank, eh?

A: Yes, and I think I screened well.

Cop: I hope you know what it means.

A: It means recognition and perhaps fame. I hope some talent scouts caught it.

Cop: This job can go hard with you.

A: It all depends on the filming. Some banks have good movie techiques; some are awful.

Cop: So you've had experience

A: Yeah. In the job before this the camera work was terrible. No sense of depth. Infrequent closeups. No sensational scenic effects. The direction was bad, especially in the chase scenes.

Cop: This picture is no better. I seen it. You couldn't even get into a double feature with it.

A: It was in color wasn't it?

Cop: Naw; the usual black and white.

A: (indignantly) — Them lousy banks They never get up to date.

Khrushchev Has Great Show

By JAMES MARLOW

WASHINGTON (AP) — Nikita Khrushchev is putting on one of the great shows of the 20th century. But how it looks depends on whether you're sitting in the United States or elsewhere.

There's never been anything like this in our time.

Here he is, an ordinary-looking man, not too well educated, a one-time miner who struggled up the ladder from the coal pits to become the boss of one of the most powerful nations in history.

More than that. Despite this country's long hostility to communism and the billions it has poured into defense against the Soviets, the top man in world communism has been invited dinner. And it goes further.

No matter how distasteful he and all he stands for may be to millions in this country, he practically compelled the United States to invite him in the hope that this may be the way to find a peaceful solution to the Berlin dilemma.

Thus is is not hard for Premier Khrushchev to see in himself a symbol of all the backward people and nations who dream of rising out of poverty and ignorance to a place of equality with, or even superiority to, the best on earth.

Whether Americans like it or not the invitation to Khrushchev—meaning the blackjack, Berlin circumstances which brought him here—is frank recognition that the Soviet Union, long despised by some as primitive, is equal to us in power.

He gets a 21-gun salute, he stays at the Waldorf-Astoria, he's guest of honor at a White House over.

His whole performance has been like that of a man who knows he has the Western world puzzled and guessing.

He speaks of himself as the harbinger of peace (but warns of the horror of war if there is no peace); he says the ice of the cold war has begun to crack since his arrival (but he hasn't so far yielded an inch on anything); he remains jolly, the traditional mark of a man of good will (except for sudden flashes of anger at affronts); he bounces around with the enthusiasm of a long-delayed tourist (as well he might, since he's the first head of a Soviet government to come here); and he gives the impression of a man who is going to enjoy himself, whether or not anything comes of his trip at all.

The image of himself which he has been anxious to project to the American people—and to all others, since his words and pictures are being sent everywhere—is that of a man of good will.

But he has also been projecting another picture of himself, which the Americans can like or leave, but which most probably looks good to the whole Communist world and perhaps even to the neutral and backward people too.

He's been friendly, but tough without being unpleasant about it. He's not letting anyone get the notion he's being beguiled or softened by the attention given him as the representative of world communism.

At a Waldorf luncheon Thursday, he put himself in focus: "Who am I, then? Is it that I am a man who when I appear before Communists, I applaud Communists, when I am among American capitalists I applaud them? People might think this is no politician, this is a weather vane."

He has made it clear to people everywhere that he is calmly sure of himself and the ultimate triumph of world communism. For instance: At the National Press Club this week, with the whole nation watching him on TV, Khrushchev very jovially informed the United States in its own capital that communism would in the end drown and bury capitalism.

For Sound Legislation

By DAVID BARNETT

Sen. Warren Magnuson (D-Wash) is convinced the tag end of a sizzling Washington summer is no time to force lawmakers to face important problems of national policy and fiscal affairs.

When the cool winds of winter blow next January, he hopes Congress will do something about long and tedious sessions that stretch through the heat of the summer.

The senator anticipates that next year congressional committees will hold hearings on his plan for divided sessions.

"At the present time," he says, "we are under such pressure that at times it is almost impossible to know what we want to do."

THE MAGNUSON PLAN was introduced last session and has been submitted again this year. It calls generally for:

1. A legislative session of Congress, beginning in January and confined strictly to nonfiscal matters. This session, dealing with proposals in the President's State of the Union Message, would be well out of Washington, except in emergencies, before the swamplike heat makes everybody woozy.

2. A fiscal session of Congress, beginning on the second Monday in November and extending until Dec. 31, to pass appropriations bills and deal with the national budget in one package.

3. Revision of the government's accounting procedures to make—among other things — the federal fiscal year, now a July-to-June period, the same as the calendar year.

The senator concedes there may be plenty of "bugs" in his plan but he insists some start has to be made. Sen. Magnuson, a bachelor himself, points out that lawmakers who have children 'must take them to school, bring them to Washington, then someone in the family returns home and the husband is here in Congress. Then the wife and family are here again.

"I do not think that type of living lends to good feeling and for sound legislation at this time of year."

Sen. John Stennis (D-Miss), who agrees in general that something has to be done, points out that the burden now placed on children of congressmen is "almost unbearable and it is not necessary."

THE PROPOSAL also has the warm but general support of Sens. John Pastore (D-RI), who had to ship his family home early this month. rank E. Moss (D-Utah) and Clinton Anderson (D-NM).

To Sen. Magnuson, the most important problem attacked by his proposal involves annual appropriations. Under the present plan, work on money bills is sandwiched into ordinary legislative business.

"The fiscal session plan," he argues, "will permit Congress periodically to devote its entire energies to these important matters without the pressure, haste and confusion which have become too often associated with the consideration of money measures."

Right to Dictate

By DAVID LAWRENCE

Congress Leaders Suffer Big Blow

The "right to know" — a noble cause long espoused by the press and championed, too, by many so-called "liberals" in Congress — got a body blow during the Khrushchev visit. It was dealt by the Senate Foreign Relatee's chairman, Sen. Fulbright (D-Ark) and by a section of the press itself, as well as by the Soviet Embassy.

David Lawrence

The Senate Foreign Relations Committee excluded every member of the American press from its meeting with Nikita Khrushchev but allowed three newspapermen from the Soviet Union who were accompanying the Soviet Premier to attend the secret 1½ hour session with the senators.

It wasn't surprising, on the other hand, that the Soviet officials, on the occasion of the dinner last Wednesday night for President Eisenhower, permitted the Russian newsmen and photographers to enter the Soviet Embassy but didn't let any American newsmen or photographers come in — they waited outside in the rain.

Yet Soviet photographers were given the same privileges as Americans just before the dinner President Eisenhower gave the Soviet Premier at the White House Tuesday night.

American newsmen themselves handled the luncheon at the National Press Club for Mr. Khrushchev and, curiously enough, certain important interrogations didn't materialize.

One would have supposed that, being interested in the "right to know" and the freedom of the press everywhere — particularly the right of American newsmen to go into the Soviet Union — they would have offered some question on these matters.

IT IS WELL KNOWN, for instance, that only hand-picked correspondents from the United States can remain in the Soviet Union and that if they write what the Communists don't like, they will be expelled — in fact, several already have been sent out of that country for that reason.

The Moscow correspondent of the Columbia Broadcasting System was expelled recently because the Soviet government disliked an American television broadcast originating this country, even though the correspondent had nothing to do with it.

Why does the Soviet Premier permit such things to happen?

Why is there censorship of news dispatches from Moscow?

Why have the radio broadcasts of the "Voice of America" emanating from this country been jammed by the Soviet government for the last 10 years?

Mr. Khrushchev should have been asked these questions above all others.

It remained for a United States senator to ask, at the tea given by the Senate Foreign Relations Committee later in the day, a question about censorship, pointing out that America has a free press while Russia suppresses the news at will.

The Soviet Premier replied:

"Well, we have two different systems — you call it censorship. We don't let people publish untruths. They are free to publish anything that is true."

Incidentally, the Soviet Premier is himself getting away with a good deal of factual errors.

He told the Senate Foreign elations Committe, for instance, that the United States has cut back on the cultural exchange program. But President Eisenhower told his press conference the next day that America is trying to expand the program and is not cutting it down. The Soviet Premier nevertheless repeated the same charge two hours later in New York.

Again, Mr. Khrushchev told the senators he and the President had agreed not to discuss "third countries."

BUT MR. EISENHOWER the next day said, rather charitably: "There must be some kind of misunderstanding brought about, possibly, by faulty interpreting."

Anyway, the President said he doesn't see how there could be any talks unless discussion of third countries occurred, as he added: "Well, if we don't discuss Berlin, for example, I would have difficulty in seeing why we got together. No, of course, we have to talk about them."

Probably the worst boner Mr. Khrushchev pulled was in his attempt to deny what happened before the Soviet rocket to the moon was fired last week. He accused Vice President Nixon of not telling the truth. Mr. Nixon didn't say, as was erroneously reported, that there "was no proof" the rocket got to the moon.

He merely said that the Russians had had three failures before the successful shot and he was referring, of course, to attempts at launchings — cases where there was a "count down" but no actual firing.

The Soviet Premier, while accusing Mr. Nixon, did nevertheless in the same breath tell the senators that the Soviets had wanted to fire the rocket a week earlier but that they had to remove one from the launching pad because it was "defective."

American government information is that this happened thre times. Mr. Nixon's comment was merely to indicate that both sides have had failures before successful launchings.

AMERICANS MAY have forgotten, too, that, when the vice president was in Moscow, the newspapers and radio there didn't tell in advance when and where he would arrive and that not only did the Soviet Premier, in full view of the television cameras, heckle the vice president but several hecklers were planted by the government in different cities he visited.

Mr. Nixon didn't mind it. But somehow Mr. Khrushchev got somewhat hot under the collar when newsmen at the Press Club here did ask him about Hungary. He referred to such questions as "provocative."

Certainly there are two different systems — autocracy and democracy — battling one another today, and Mr. Khrushchev says Communism will "bury" capitalism. But he really means that he wants democracy to perish from the face of the earth and that he will do all in his power to achieve that result.

Thoughts

Great indeed, we confess, is the mystery of our religion: He was manifested in the flesh, vindicated in the Spirit, seen by angels, preached among the nations, believed on in the world, taken up in glory.— ITimothy 3:16.

Whoever believes in a God at all, believes in an infinite mystery; and if the existence of God is such an infinite mystery, we can very well expect and afford to have many of His ways mysterious to us.—Ichabod Spencer.

The first duty to children is to make them happy. If you have not made them so, you gave wronged them. No other good they may get can make up for that.—Sir Thomas Buxton.

Matter of Fact

When Thomas Jefferson completed his second term as president in 1809, he began one of the most ambitious efforts of his life: the establishment of a university which would live up to his ideals. The University of Virginia resulted from his efforts, but he was so short of money that he had to sell his fine library to Congress. Later a public subscription was taken for his benefit. He died July 4, 1826, almost penniless.

A series of pictures illustrating the conquest of England by the Normans was embroidered at the time on a strip of linen now called the Bayeaux Tapestry. It is 231 feet long and 20 inches wide. It barely escaped destruction in the French Revolution, but it has been cherished since then. There are about 72 scenes remaining of the ones that originally composed the tapestry. It is preserved in the Bayeaux Museum, France.

So They Say

Miss Willonette Hollinbaugh Is Bride of Lewis E. Steed

The marriage of Miss Willonette Yvonne Hollinbaugh of 182 S. Broadway and Lewis E. Steed of Great Lakes, Ill., took place Saturday at 2 p.m. in Akron.

The bride, who resigned her position as Salvation Army officer here upon her marriage, is a daughter of Mr. and Mrs. William B. Hollinbaugh of Akron. The bridegroom is serving in the Navy as a hospital corpsman. He is a son of Mrs. Edna Steed of Alliance.

Officiating at the double ring ceremony before an altar banked with palms and ferns, was the Major Cecil Hodgson of the Akron Salvation Army. Miss Teresa Viola of Salem sang "Whither Thou Goest" and "Wedding Benediction." Lt. Grace Lynch of Salem was organist.

Mr. Hollinbaugh gave his daughter in marriage. She wore a floor-length wedding gown of white lace. The bodice was styled with long sleeves and a scalloped neckline trimmed with iridescent sequins and pearls. Her veil of illusion was attached to a tiara of pearls and she carried white roses on her prayer book.

Miss Sandra Hollinbaugh of Akron was her sister's maid of honor. She wore a ballerina-length gown of poudre blue lace over net compiemented by matching blue shoes and headpiece. She carried a bouquet of pink carnations and white pompons.

Rhonda Davis of Akron was flower girl. In contrast to her party dress of baby blue, she carried a basket of pink carnations.

R. J. Thompson of the Naval Base at Great Lakes served as best man. Gary Hagen, cousin of the bride, and Delbert Teilli, both of Akron, ushered.

The bride's mother wore a white satin sheath embroidered with black roses. She used black accessories and wore a corsage of white carnations.

The reception was held in the Akron citadel with the women of the church serving the three-tiered pink trimmed wedding cake. The refreshment table featured pink and white appointments.

In attendance were 200 guests from Ohio, Michigan, Pennsylvania and Illinois.

A graduate of Akron Garfield High School and Salvation Army College, the bride served as Salvation Army officer in Alliance before coming to Salem.

After a honeymoon trip to Dearborn, Mich., the couple will reside in Alliance.

Red's Bar Defeats City Cafe 4-0 to Win Invitational

Fugate Allows Only One Hit

Big Left Hander Also Clubs Homer

By DICK BRAUTIGAM

Rip Fugate pitched and batted Akron Red's Bar to a 4-0 victory over Akron City Cafe Sunday at Kelley Park in the finals of the 3rd Annual Salem Invitational Softball Tournament.

A pop fly single which the center fielder lost in the sun was the only hit the big left hander gave up. There were two men out at the time.

Fugate was also a big man with the bat, clubbing a home run with two men on in the fifth to account for three of Red's four runs. Ben Nehlsen's double and a single by Bob Watts preceded the slugging pitcher's home run.

-:-

ED'S PICKED up its other run in the first inning without the aid of a hit. Don Parker opened with a roller down the first base line which first sacker Russ Muller failed to come up with for an error. Jack Dalyrmple sacrificed and Dean Sterling walked.

When Bob Kenney hit to third, Parker was trapped off base and thrown out at the plate. Sterling moved to third on the play and Kenney was on first with a fielder's choice.

With Bud Watts at the plate, Sterling and Kenney worked a double steal as catcher Gene Harmon threw late to second base as the run crossed the plate.

Oop Eckman started on the mound for City Cafe but he was knocked out of the box by Fugate's home run. Jack Evans came on in relief and gave up only one hit the rest of the way. Red's got six hits off Eckman for a total of seven in the game.

-:-

FUGATE FANNED 11 and walked only one in picking up the victory.

Red's was the third consecutive out-of-town team to win the Salem Invitational. Midland, Pa., Local 1212 was the first winner in 1957. The 1958 champion was Canton Freedom For Congress. Red's was the third place winner last year, being knocked off by runner-up Butler Serventi Club.

Thirty-two teams opened in the tourney which got underway Aug. 28. Red's was top-seeded by Tournament Director Dave Brisken and they came through, winning six consecutive games without a loss. City Cafe wound up with a record of six wins and two losses in the double elimination affair. Third place winner was Canton Dolph's Tavern.

Bayou Bengals, Horned Frogs Each Win Opening Contests

By The Associated Press

Louisiana State, already over one big hurdle in its march toward a second straight national championship, tangles with tough Texas Christian Saturday as the college football swings into high gear.

Paul Dietzel's Bengals from the Bayou, rated the top team in the country in the pre-season Associated Press poll of sports writers and sportscasters, cut down Rice, 26-3, in their opener last Saturday.

The jury still is out on whether this year's edition of LSU measures up to the '58 version which went through the season undefeated, untied, and then went on to win the Sugar Bowl game.

The Bengals were unsteady in the first half and at intermission were behind by 3-0. But their three teams—the White, the Go and Chinese Bandits—got going in the second half when All-America Billy Cannon whipped 17 yards for the first touchdown. That as it turned out, was all LSU needed.

Texas Chritian won the Southwest Conference title last year and they say in Fort Worth that the Horned Frogs are bigger and meaner this time around. They won't be pushovers. TCU licked Kansas, 14-7, in its opener.

Oklahoma and Auburn, ranked second and third, respectively, in pre-season estimates, also get into action.

The Sooners have won the Big Eight championship 11 years running and there is no reason to believe that any other team in the conference will change things this year. But Oklahoma can't return to the Orange Bowl under conference rules, so the second-place battle will be a good one. Meanwhile, Bud Wilkinson's lads play highly regarded Northwestern.

This will be the TV game of the week. NBC will televise it starting at 2:15 p.m., (EST). Oklahoma has met Northwestern only once before. That was in 1939 when the Sooners won, 23-0.

Auburn starts operations at Tenessee. The pity of the schedule is that Auburn and Louisiana State do not meet. They are co-favorites for the Southeastern Conference title but go their separate ways all season.

Southern Methodist, which has high hopes of outbattling Texas Christian in the Southwest Conference race and was No. 4 in the pre-season poll, opens against Georgia Tech, a 14-12 winner over Kentucky.

Army, No. 5 and rated the class of the East, entertains Boston College.

Wisconsin and Ohio State, 6 and 7, and the most likely candidates to fight it out for the Big 10 title, also play their openers. The Badgers meet Stanford, while the Buckeyes, a disappointment after being ranked No. 1 in last year's pre-season poll, tangle with Duke.

Mississippi, No. 8, goes against Kentucky, while Iowa, No. 9, plays California. Ole Miss began by stopping Houston, 16-0.

Other than the LSU victory over ice, the most important game last Saturday was Clemson's 20-18 triumph over North Carolina. This one could have decided the Atlantic Coast Conference winner. The two teams were co-favorites for the title.

Browns Upset Bears 33-31

Victory Is 2nd In Six Contests

CLEVELAND (AP)—Coach Paul Brown is confident that the Cleveland Browns' 33-31 upet of the undefeated Chicago Bears in their final exhibition game will give them the right mental edge for the season's opener in Pittsburgh Saturday night.

"It gave us a good feeling to pull one out," he said Sunday night of the comeback in which the Browns downed the Bears with a field goal in the last 11 seconds. "It tickled the kids to do it.

"We have a large number of youngsters on the squad and they learned things about this pro football. Losing that way in Detroit in the last two minutes) was a lesson as was that comeback against the Bears."

The coach said the Browns' testing program this summer probably was more thorough than it's ever been.

"We've gradually been gaining momentum," he added. "I'd say we're reaching the opening stage in our development. I think we are as advanced as last year at this time.

"The offense is coming along real well. Milt Plum did a fine job against the Bears. He moved us just about every time we had the football."

The victory over the Bears Saturday night was only the second for the Browns in six preseason games.

Fullback Jim Brown went 70 yards up the middle for a touchdown on the second play from scrimmage and halfback Bobby Mitchell scored on runs of 10 and 17 yards. Ed Modzelewki plunged four yards for the other touchdown.

Lou Groza kicked three extra points and a 17-yard field goal in addition to the winning kick from 41 yards out.

The Bears were behind 23-7 at the half and 30-14 at the start of the last quarter, but rallied to take a 31-30 lead late in the period.

Passes from Plum to Preston Carpenter put Cleveland in position for Groza's winning three-pointer.

Jim Shofner and Warren Lahr, Cleveland defensive backs, had to retire in the first half—Shofner with a bump on the head that made him groggy and Lahr with a wrenched knee. Ray Renfro suffered a hip injury when he dove on a fumble by Jim Brown late in the game.

All are expected to be ready for the Steelers, however.

Milan, Italy — Carlos Miranda, 111¼, Argentina, and Giacomo Spao, 122¾, Italy, drew, 8.

Giants Dropped Into 3rd Place

L.A. Turns Back San Francisco 8-2

By The Associated Press

Los Angeles has wrested the National League lead from the San Francisco Giants but Milwaukee is breathing down the Dodgers' necks only one half game back.

Warren Giles, the National League president, might as well start flipping coins and drawing plans for a playoff. If this race doesn't wind up in a two-way or even three-way deadlock, he will be a lucky man.

After Sunday's 8-2 Los Angeles victory that knocked the Giants from a first-place tie into third place, a full game behind, both the Dodgers and Giants have five games to play, all on the road. The Giants will play day games at Chicago Tuesday and Wednesday while the Dodgers are playing night games at St. Louis. They will switch opponents for three final games next weekend.

In the meantime, the Milwaukee Braves, 8-5 winners over Philadelphia Sunday, have six to go. They can tie the idle Dodgers tonight if they can beat Pittsburgh at Forbes Field behind Warren Spahn. The Braves also play night games at Pittsburgh Tuesday and Wednesday. After an off day Thursday, they move home for a final three-game-set with the last-place Phillies.

The Dodgers completed a three-game sweep over the Giants in the final series to be played at Seals Stadium.

A two-game Giant lead of Saturday morning melted when the Dodgers took a day-night doubleheader. Sunday's defeat dropped San Francisco out of the lead for the first time since Aug. 4. It was the first time the Dodgers had held undisputed possession since July 29.

With Johny Podres opposing Sam Jones, the Giants' 20-game winner, Duke Snider got the Dodgers off to an early lead with his 23rd homer. The Dodgers chased Jones and added another run in the second, two more in the seventh and sewed it up with four in the ninth. Larry Sherry, Sandy Koufax and finally Clem Labine followed Podres, who gave way during a two-run Giant rally in the eighth.

Labine had the bases loaded with nobody out in the ninth but struck out pinch hitter Leon Wagner and got Eddie Bressound to bounce into a game-ending double play.

It took a veteran from the American League, Mickey Vernon, to spark a Milwaukee ninth-inning rally that beat the Phillies. The Braves saw a 5-3 lead disappear when Carl Sawatski hit a two-run homer in the eighth. Vernon's single drove in the first Brave run in the ninth and the second scored when Harry Anderson fumbled the ball. Bobby Avila, another ex - American Leaguer, knocked in the third run off Robin Roberts with a single.

Hank Aaron's 39th homer in the first and Eddie Mathews' 41st with a man on in the third helped build up a 4-0 lead for Lew Burdette. The Braves' 21-game winner was knocked out in the sixth and Joey Jay held off the Phils until the ninth. It was Jay's sixth victory and Roberts' 16th defeat.

Pittsburgh clinched fourth place when Vern Law won his 18th, a 10-1 romp over Cincinnati. Dick Stuart led the Pirates with four singles.

St. Louis came from behind with an extra base barrage to whip Chicago 11-4. Hal Smith hit a two-run double and his 12th homer and Stan Musial chipped in with a two-run homer, hit No. 3,200 of his career. Vinegar Bend Mizell was the winner in relief over Don Elston.

Salineville, United Lose Contests; N. Lima Wins

Coach Harry Frankland's powerful Greenford Bobcats appear ready to make their bid this year for the Inter-County League title. They rolled to an easy 42-0 victory over Fairfield - Waterford on Saturday on their home field in the season opener for both clubs.

Defending champion Canfield, the team favored to repeat as league champions, looked every bit as good Saturday as last year's squad which went undefeated. The Cardinals thumbed Jackson-Milton 36-6. Canfield and Greenford are not slated to face each other this season. Canfield beat the Bobcats 14-6 in a preview game this year.

In other area games Saturday, Lowellville downed Springfield Local 8-0, North Lima routed Western Reserve 40-0, Randolph shut out United 20-0, Canton Glenwood tripped Louisville 18-0 and Tuscarawas shellacked Salineville 54-26.

-:-

QUARTERBACK MERLYN Bush and halfback Kurt Gudat each scored two touchdowns in Greenford's win over Fairfield - Waterford. Bush, a four-year varsity performer, registered on runs of 60 and 20 yards. Gudat scampered 40 and 15 yards for his counters.

Paul Lasky and Paul Wellendorf picked up the other two touchdowns on runs of three and 10 yards, respectively. Two passes and a run accounted for the extra points.

Fairfield - Waterford pushed across its only touchdown in the second quarter on a 10-yard jaunt by Larry Teptel. The Bobcats scored 14 points in each of the first three quarters before tailing off in the final period when the reserves took over.

Coach Bob Winterburn at Canfield has one of the top teams in the area and he used his first stringers only one period in trouncing Jackson-Milton 36-6.

-:-

WITH ALL-STATE candidate Jim Albert scoring three touchdowns and fullback Bill Alcott one, the Cardinals' first unit piled up a 50-0 lead in the first period before departing. Albert's runs were for 25, 35 and 45 yards. Alcott romped 70 yards for the longest dash of the day.

Halfback Harry McPhee accounted for Canfield's other touchdown on a 20-yard run in the second period. Ed Gorgei plunged over from two yards out for Jackson-Milton's only score. It came in the final period. The game was played at Austintown.

Lowellville scored on a 50-yard pass play with two minutes remaining in the first half to upset Springfield Local 8-0 at Lowellville. Frank Notareschi gathered in the pass thrown by Tom McCarty.

United was never able to get its offense underway as they dropped their opener at Randolph 20-0. Randolph scored once in each quarter but the third. The Golden Eagles will attempt to get on the winning trail in their home opener Saturday with Chester, W. Va.

-:-

NORTH LIMA scored twice in each of the first two periods and coasted to a 40-0 win over Western Reserve at North Lima. The defeat spoiled the debut of Western Reserve which was playing its first game against varsity competition.

Quarterback Bruce Vogelgesang passed for two touchdowns and set up a third to lead Canton Glenwood to a 18-0 win over Louisville. Glenwood tallied on their third play from scrimmage and Louisville was never in the game after that.

Ben Metzger of Tuscarawas scored five touchdowns and six extra points in putting on a one-man show against Salineville on the winner's home field.

Dave Gearin, Ron Dunlap, Ronnie Giannone and Don Hillyer scored for Salineville. Quarterback Gearin was injured in the third period and sat out the remainder of the game. He suffered a spike wound in the chest. Gearin is expected to return to action in Salineville's home opener against Springfield Twp. next Saturday.

Francona, Minoso Homer to Give Tribe 4-3 Win Over A's

McLish Gains Victory No. 19

Perry to Meet Wynn on Tuesday

CLEVELAND (AP)—Hold your hats, folks The American League has at least one more "crucial game" coming up.

It's at Municipal Stadium Tuesday night between the still-breathing Cleveland Indians and the faltering Chicago White Sox, now down to a 3½-game lead. The White Sox, seemingly headed for their first pennant in 40 years, are struck at the magic combination number of 2. Any combination of Chicago triumphs or Cleveland losses adding up to 2 means a flag in the Windy City.

Chicago's lucky number can come up Tuesday night when Early Wynn, the league's only 20-game winner, goes against Cleveland rookie right-hander Jim Perry.

To win the pennant outright—a stranger-than-fiction story if here ever was one—the Indians would have to sweep all their games while Chicago complied by going into a complete swoom and dropping all its games.

The Indians stayed alive by winning their third straight at Kansas City Sunday, 4-3, while Chicago was dumped 5-4 by Detroit. Cleveland has five games remaining, while the Sox have only four.

Cal McLish (19-8) went the distance with a seven-hitter for Cleveland, besting veteran Ned Garver of the A's, who dropped his 13th in 22 decisions. The Indians had a dozen hits, including home runs by Minnie Minoso (No. 21) and Tito Francona (No. 20).

The two home runs set a new club season mark of 65, topping by one the record for Cleveland club season mark of 165, topping home runs set in 1950.

Minoso got the Indians rolling with his first inning smash. In the third inning, Minoso beat out an infield roller to shortstop and rode home on Francona's drive over the right field fence. That made it 3-0.

McLish blanked the Athletics until the sixth when Kent Hadley singled over the pitcher's mound and Bob Cerv cracked his 19th home run to cut the lead to 3-2.

Cleveland got another run in the eighth and it proved the difference when McLish tired in the ninth. Rocky Colavito opened with a single to left and continued to second when Cerv bobbled the ball. Colavito went to third on an infield out and scored on Woodie Held's bouncer into left field.

McLish ran into trouble in the ninth when pinch hitter Joe Morgan legged out a hit near second base. Morgan went to second as Russ Snyder was thrown out. With two out Roger Maris grounded to Vic Power at second and Vic fumbled as Morgan scored. Maris raced to third on Hadley's single to center.

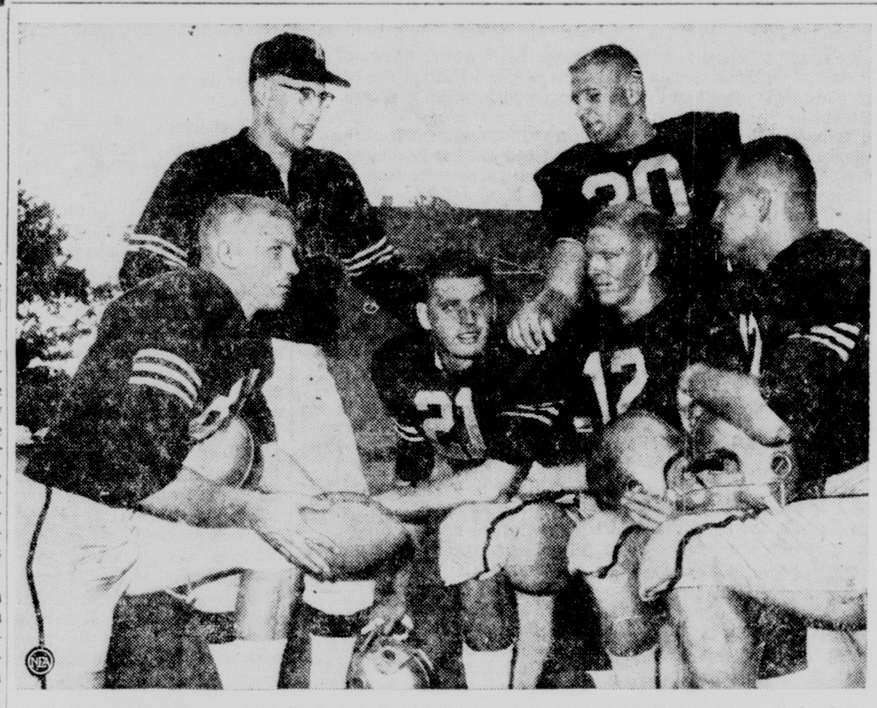

But McLish got Cerv on a grounder to third baseman George Strickland to close out Cleveland's season on the road. It was a highly successful one, showing 46 victories and 31 defeats.

After Tuesday night's battle with the White Sox, the Indians play host to Kansas City in four games starting with a twi-night doubleheader Friday. The Chicagoans end the season at Detroit, where the Tigers—shooting for some first division money—figure to be pesky.

Chicago's Magic Number Still 2

Tigers Dump Chisox 5-4; Senators Rap Birds 5-0

By The Associated Press

The magic number in the American League still is two for the faltering Chicago White Sox with Cleveland still alive and breathing.

Joe Gordon, who has quit as manager of the Indians, is playing out the string. General manager Frank Lane says he stays until the club is eliminated mathematically. Since he said that, the Indians have won three straight.

Just suppose Cleveland wins its last five games and Chicago loses its four. Would Lane let Gordon manage in the World Series? Or would Gordon be entitled to fire Lane?

Of course, that's all hypothetical. With a 3½ game lead, all Chicago has to do is win one more and they can do no worse than tie. Any combination of two White Sox victories or Cleveland defeats and it would be all over.

However, the schedule runs in favor of the Indians the rest of the way with all their games at home while the Sox are on the road. Coming up Tuesday night is the big one with Chicago at Cleveland in their final meeting of the year. After that single game, Cleveland entertains Kansas City in four weekend games while Chicago plays three at Detroit.

The "K" boys from Detroit — Harvey Kuenn and Al Kaline — delayed Chicago's efforts to clinch at least a tie Sunday. Each hit a home run in the Tigers' 5-4 victory behind Don Mossi. Sherm Lollar homered for the Sox.

The White Sox now have lost two one-run games in a row. They have dropped seven of their last 10.

Cleveland squeezed past Kansas City 4-3 with the help of homers by Minnie Minoso and Tito Francona. Woody Held's single drove in Rocky Colavito with the winning run in the eighth.

Camilo Pascual pitched his sixth shutout and 17th complete game, both tops in the American League, as last-place Washington romped over Baltimore 5-0. Rookie Dan Dobbek hit his first big league homer off loser Billy O'Dell in the first.

Elston Howard's two-run pinch homer was the big blow in New York's 7-4 decision over the Boston Red Sox, who beat them in the season series for the first time since 1948. The ed Sox had a 13-9 edge in the year's competition with the Yanks.

In the National League, Los Angeles took over first place by completing a sweep of its three-game series at San Francisco with an 8-2 triumph over the Giants. Milwaukee outlasted the Phillies 8-5, remaining one-half game behind the Dodgers as the Giants dropped to third.

Vern Law won his 18th for Pittsburgh 10-1 over Cincinnati, clinching fourth place for the Pirates. St. Louis rallied to batter Chicago 11-4.

The decisive blow for Detroit was Kaline's two-run homer in the fifth to the disappointment of a crowd of 27,784 who had come out to celebrate. Billy Pierce, knocked out in the fifth, was the loser. Manager Al Lopez brought in Dick Donovan, Turk Lown and Bob Shaw in an attempt to pull it out.

A great catch by Johnny Groth, a replacement for Charlie Maxwell, snuffed out a Chicago rally in the third. His diving stab of Jim McAnany's drive cut off two potential Sox runs.

It was Mossi's 16th victory and his fifth in a row but he wasn't around at the finish. Giving way to a pinch hitter in the seventh, he was followed by Ray Narleski, Dave Sisler and finally Jim Bunning.

Cal McLish won his 19th for Cleveland, which rapped Ned Garver for 12 hits. Bob Cerv, who hit a two-run homer in the sixth, grounded out to end a ninth-inning threat with one run in and men on first and third.

Pridon Wins Invitational Batting Title

Sam Pridon, hard-hitting first baseman of Salem Lincoln Machine captured the batting championship in the 3rd Annual Salem Invitational Softball Tournament.

He was presented a trophy Sunday at Kelley Park after the finals of the Akron Red's Bar - Akron City Cafe championship game. Pridon pounded out a .385 average while playing in seven games. The award was based on a minimum of 20 times at bat.

Lincoln Machine was one of the four finalists in the 32-team tournament, bowing only to Red's Bar and City Cafe who received trophies for finishing first and second, respectively, in the tourney. Dolph's Tavern of Canton also received a trophy for finishing third.

The pitching trophy went to Rip Fugate of champion Red's Bar. Fugate gave up only one earned run in 40 1-3 inigs of pitching.

Hook Good As Bucs Top Reds 10-1

PITTSBURGH (AP) — It was Danny Murtaugh talking but it might as well have been Manager Fred Hutchinson of the Cincinnati Reds speaking about hurlers.

Murtaugh said Sunday he thinks "pitchers aren't human beings. They're freaks. One day they look great. Then they change for no apparent reason.

"I don't think anybody knows how to handle pitchers. I just pray."

Murtaugh's Pittsburgh Pirates belted six Cincinnati pitchers liberally Sunday in a lopsided 10-1 victory.

It cut off the Reds' final chance for a first division finish.

It was an especially bleak day for Hutchinson who has some hope of better Cincinnati pitching next year.

Hutch says "our pitching hopes in 1960 are tagged to three youngsters—Jim O'Toole, Jay Hook and Calude Osteen.

"O'Toole and Hook have come along handsomely. They should have the experience to be sound pitchers next season."

"Big Newk (Don Newcombe), Bob Purkey and Joe Nuxhall and those three kids will be our nucleus."

Hook, probably the steadiest of the three youngsters, held the Pirates hitless in the 1 1-3 innings he pitched Sunday.

But Osteen, roughed up for four hits and four runs—two of them unearned—served only 1 2-3 innings.

Baseball Figure's Mother Succumbs

NEW OLEANS (AP) — Mrs. A. L. Hurth, 77, died in a New York City hospital Sunday night after a long illness.

She was the mother of Charles A. Hurth of New Orleans, president of the Southern Assn. baseball league.

Mrs. Hurth, a native of Cincinnati, had lived at Portsmouth, Ohio, the last 55 years.

Survivors include her husband; two other sons, Robert L. Hurth of Fort Lauderdale, Fla. and Allen G. Hurth of New York City.

Akron Trounces Mount 29 to 23

Youngstown 13, Tennessee A&I 12

COLUMBUS, Ohio (AP)—Ohio's collegiate grid season was off to a running, and passing, start, with the usual upsets, setups and surprises dotting the weekend openers.

The big surprise came at Alliance, where Akron trounced Mount Union 29-23 for the Zippers' seventh straight over the Purple Raiders. The surprise was Frank Lomax, Akron halfback, who had been expected to play a bit on defense.

Frank got in on offense, scored touchdowns on runs of 8, 14, 14 and 75 yards for enough points to win all by himself.

In some of the big ones Cincinnati did a bit of table-turning by trimming Oklahoma State 22-9 after last year's 19-14 loss to the same team; Dayton continued its close verdicts over Richmond Va. by 6-3, after winning 13-12 a year ago and 12-7 in 1957; Toledo allowed Eastern Kentucky a lone safety for the second straight year as the Rockets added a 20-2 conquest to their 19-2 decision of a year ago, and Ashland, after losing 29 in a row to Wooster, rose up to tie the Scots 6-6.

Heidelberg's Paul Hoerneman, tagged as "the Fox" in coaching circles, proved it again. Of 38 freshman numeral winners, only 13 returned to school this year, and several hot sophomores also dropped out — but the Student Princes ran over Bluffton 35-0 just a week after the Beavers had opened with a 27-14 nod over Taylor of Indiana.

Otterbein showed strength in a 27-14 win over Findlay, the teams having battled to a scoreless deadlock a year ago. Youngstown converted a fumble and a blocked kick into touchdowns for a 13-12 win over Tennessee A & I, the second straight for the Penguins.

Xavier also made it two in a row with a 28-13 nod over Louisville. The Musketeers, down 13-0 at the half, sent George Noonan in for three last half scores to preserve their record of never having lost to the Kentuckians in 10 starts.

With the season barely hatched, the Ohioans have constructed a record of 9 wins, 4 losses and a tie in interstate play, with a scoring advantage of 210 to 155. A year ago the Ohioans had 55 wins, 37 losses and 5 deadlocks, and led the scoring by 1676 to 1400. The 1957 campaign was about as even as a campaign can be as the Buckeye squads won 47, lost 47, tied 5, and scored 1,666 against 1,671.

Next Saturday is a big one, with Ohio State making its debut against Duke in the feature of a 21-game weekend program. Some teams are due to drop from the clean list, including one of the current Ohio Conference leaders—Akron or Muskingum. The lone winners in the league clash at Akron.

Other first week victors due to meet include Heidelberg at Ohio Wesleyan, and Dayton at Cincinnati.

Salem Polo Club Wins Tournament

The Salem Polo Club reached the high point of its season in the Chad Johnson Tournament at Poland over the weekend, coming home with the first place trophy.

Sunday's final match with Cleveland was awarded to Salem by a gentleman's agreement when one of Salem's horses dropped dead on the field.

The score was tied at 5-5 with less than two minutes remaining i the final chukker when the 26-year-old horse, which players said was giving the finest performance of its long career, dropped dead, throwing its rider Jack Arnold. Arnold was not injured.

-:-

SAME HAD COME from behind with two goals in the fifth chukker to tie the score and had the pressure on the Cleveland team when the game was halted.

On Saturday Capt. Jimmy Bahr put on a sparkling nine-goal exhibition before close to 1,000 fans to lead Salem to a 14-10 victory over Beaver Valley. Frank Harris of Salem chipped in with three goals and Phil Thompson and Lloyd Brunner added one apiece.

Paul Powers was high man for Beaver Valley with three goals. The Pennsylvania club was given a two goal handicap.

-:-

DEFENDING champion Cleveland ripped Mahoning Valley 16-13 Saturday to earn the right to meet Salem in yesterday's finals.

In the consolation game Sunday, Beaver Valley came from behind to upset host team Mahoning Valley 6-5.

Against heavily favored Cleveland Sunday, Thompson paced the Salem offense with three goals. Bahr and Arnold divided the other two markers.

The local club will close out its season next Sunday on the home field with a match against Beaver Valley. Salem has defeated their Pennsylvania rivals four consecutive times this season.

Cards Defeat Colts 31-17

Green Bay Tops Steelers 13-10

Chicago's twin entry of the Bears and Cardinals—the only two-team bloc in the circuit — snagged top honors during the National Football League's exhibition season.

With the pro club settling down today to final preparations for the league's regular season openers next weekend, the Bears reign as champs in the Western Division with a 5-1 record and the Cards in the Eastern sector with a 5-2 mark.

The Bears had an opportunity to wind up pre-season play as the only undefeated team, but lost to Cleveland 33-31 Saturday when Lou Groza kicked a 41-yard field goal with 11 seconds remaining.

The Cards, meanwhile, concluded on a triumphant note Sunday as they handed defending champion Baltimore its second consecutive loss, 31-17.

In other weekend games, Green Bay edged Pittsburgh 13-10, New York defeated San Francisco 17-13, Detroit walloped Washington 31-14 and Los Angeles nipped Philadelphia 31-28.

Bobby Mitchell scored twice and Jimmy Brown dashed 70 yards to pace the Browns (2-4) to a 30-14 bulge at the end of the third quarter. The Bears drove back behind Ed Brown's passing and took a 31-30 lead when Willie Galimore scored from the 3 with a minute to go. Then Milt Plum pitched Cleveland close enough for Groza to take over.

The Cards, with John Crow scoring on a 36-yard pass from King Hill and on a nine-yard run, whipped the Colts (4-2) by stalling Johnny Unitas and his vaunted aerial attack. Bobby Conad accounted for 13 Cardinal points with a TD, a field goal and four extra points.

For the second week in a row Paul Hornung scored all the Packers (4-2) points, booming a 44-yard field goal with 10 seconds left to wrap it up. The Steelers (2-4) had tied it as veteran signal-caller Bobby Layne engineered a 9-yard march with Tom Tacy going the final 12 yards.

Furgol Is Victor In El Paso Open

EL PASO, Tex. (AP)—Veteran Marty Furgol came from two strokes off the pace and won the $20,000 El Paso Open Golf Tourney by four strokes Sunday.

Furgol, playing what he called his best round in two years, shot a seven-under par final round 65 for a 72-hole total of 273.

5 of Salem's 8 Future Grid Opponents Lose

Only two of Salem's eight future football opponents were able to come up with victories last weekend.

They were Akron Hoban who edged Akron St. Vincent 16-14 and Boardman who trimmed Poland 20-14. Another future opponent, Wellsville, managed an 8-8 tie with

On the losing end of the scores were Ravenna (Salem's opponent next week at Reilly Stadium), East Liverpool, Canton Timken, Girard and Ambridge, Pa. The scores were Bedford 18, Ravenna 8; Youngstown South 14, East Liverpool 12; Painesville Harvey 22, Canton Timken 8; Hubbard 20, Girard 6; and New Castle, Pa., 20, Ambridge, Pa., 13.

Salem won its opener against Cleveland Lincoln, 42-0.

Sharon, Akron Drivers Win Canfield Races

In an accident plagued program, Bud Cochran of Sharon and Jim Seese of Akron won 35-lap season championship events at Canfield Speedway Saturday night before 3,365 fans.

Cochran won the late model crown in his 1958 Ford, while Seese piloted his Edsel-powered "bomb" to modified honors in the season's finale for these divisions.

Cochran started in 11th place, and he and Russ Allen of Canfield swapped the front post several times before Cochran went ahead for good on the 23rd lap. Allen ran second and Bill Forey of Youngstown was third.

The late model feature was restarted twice, once when Chuck Dorsey of Warren flipped. He was unconscious when removed from his car and taken to Youngstown South Side Hospital, where his condition was reported very good.

The modified title grind was stopped three times, and two of the accidents put Dean Mast of Sugar Creek and Norm Calhoun of Canton out of contention, leaving Seese easy sailing.

Russ Smith of Akron won the sports car feature. Charles Replogle of Poland caused plenty of excitement when he rolled his Japanese Datson. He escaped unhurt.

KLAPAK IS WINNER

MILWAUKEE (AP) — Mike Klapak of Warren, Ohio, finished seventh in the 250-mile late model stock car races at the Wisconsin State Fairgrounds Sunday. He drove a 1957 Ford. Fred Lorenzen of Elmhurst, Ill., won in a 1958 Ford with a record 87.123 m.p.h.

Inside Labor

By Victor Riesel

SAN FRANCISCO — Walter Reuther has been telling intimates privately that he is fed up with the leadership of the big labor federation. The Detroit red-haired one plans to tell it to them publicly. He means to challenge their power. He intends to tell them they lack spirit, militancy, political know-how and spunk. The machine-gun tongued orator from the big Auto Union does not, of course, plan to challenge leader George Meany for the presidency of the AFL-CIO at this, the third biennial AFL-CIO convention. But Walter Reuther does plan to challenge him on policies in an effort to re-model the big 2,671,000 member coalition in the image of the old CIO.

Victor Riesel

No one but Reuther knows whether he will actually take the floor at the big arena where 12 years ago George Meany took on his first big national heavyweight bout—and trimmed the eyebrows off John L. Lewis.

-:-

REUTHER MAY DECIDE to keep the battle inside the tight-lipped national AFL-CIO executive council. That he plans to make the fight to remake the AFL-CIO is certain. This much he told his own colleagues in the Auto Union high council at their last-minute session in Detroit late in the week of Sept. 7.

He told his executive board members during those conferences that he is weary of "the lack of spirit. The lack of direction of political activity. The lack of finances. The lack of organization drives and the unimaginative conservatism of the old AFL leaders."

Not only in his own circles, but on at least one occasion in a large gathering of the old CIO industrial union leaders, Reuther made no secret of his disagreement with Meany.

This occurred on Wednesday, Sept. 2. Leaders of the Industrial Union Department, which has a membership of seven million, were seated around Reuther. This was in Washington.

-:-

REUTHER CHARGED angrily that the national AFL-CIO had done nothing for the steel strikers. He actually used the phrase "bankrupt leadership."

He said swiftly, in his characteristic flow of razor-edged words, that "'we won't take it. We have the leadership in this department." The IUD does have an affiliation of some 35,000 locals with 601,000 officials in shops and union offices.

Before the IUD dispatched a million dollars to the Steel Union, the department had well over three million dollars in its treasury.

Most former CIO leaders were silent. But tall, Van-Dyked Jack Potofsky, president of the influential Amalgamated Clothing Workers of America, retorted sharply. He said he did not like the tone of the insinuation in Reuther's attack.

There is no doubt that Reuther and Meany appear headed for a clash—though perhaps not a public one.

Meany believes that this is the time for a show of unity, for these are the early days of the tough new Labor-Management Reporting and Disclosure Act of 1959. But word has gotten back to Meany's circles that Reuther has been criticizing the national leader for being in Europe in June just before the Landrum-Griffin bill hit the floor of the House.

There is an insinuation that Meany was remiss, or worse, in not staying and fighting.

-:-

MEANY DID go to Berlin for an international labor conference. But he was scheduled to meet Reuther there. When Meany learned Reuther had changed his mind at the last minute, he left the session after the first day and flew home. This was weeks before the real in-fighting started.

There are behind the scenes efforts, of course, to keep the battle off the convention floor — despite the anger on both sides. This is traditional AFL policy. Settle everything in the privacy of the high council.

Whether or not this hits the floor, Reuther plans to follow his own militant policies. What those are he'll outline early next month when he opens his own Auto Union convention in Atlantic City, N.J.

One Reuther campaign will be on the political front. The Auto Union has its own national network of political units and can operate independently of the AFL-CIO organization. That will be the most spectacular push of 1960—even if Reuther has to go it alone.

Guarding Your Health

By Dr EDWIN P. JORDAN

Clotting of Blood Is Vital to Life

We should all bleed to death after even the tiniest scratch if it were not for the fact that the blood hardens or "clots" when it comes in contact with air.

Fortunately, it almost always does.

Sometimes, it is true, blood clots may form too easily or rapidly. The formation of clots inside the veins or arteries is called thrombosis. Such a clot shuts off the flow of blood through the particular vessel in which it occurs.

-:-

NATURE'S METHOD of regulating blood clotting is remarkable.

At least five substances present in the blood influence blood clotting. They are prothrombin, thrombin, thromboplastin, ionized calcium and fibrinoge.

When these substances fail to act or each other as they are supposed to do, the normal control over clotting is lost. Blood clotting may be slowed or speeded, depending on what has happened.

-:-

BLOOD CLOTTING may be modified to some extent by measures which can be taken by the physician.

If there is a tendency to easy clotting within the body, a substance called heparin (which is a liver extract) can sometimes be used to slow this process. A material called dicumerol, obtained from spoiled sweet clover, has something of the same effect.

If on the other hand, it is desired to increase the speed of clotting because of a tendency to too easy bleeding, blood transfusions, local pressure, and certain substances which can be applied locally or injected, are sometimes helpful.

Luckily in most of us, an almost perfect balance between too slow and too rapid clotting exists so that it is only rarely that we can improve on nature in this respect.

-:-

IN THIS CONNECTION an inquirer writes that her teen-age daughter has a blood disease called purpura.

Purpura, of which there are several kinds, is the result of a disturbance in the clotting mechanism. It is most commonly shown by black and blue spots under the skin, or mucous membranes. These are hemorrhages from the blood vessels. The treatment for purpura depends on its particular variety.

Another well known disturbance of the clotting mechanism occurs in hemophilia. This bleeding disease has been discussed on other occasions.

Too rapid clottig causes trouble only when it involves blood inside the arteries or veins. Such internal clotting is most common in the blood vessels supplying the heart, the brain and the lower extremities.

One should not be needlessly concerned about disturbances of blood clotting, however, since nature generally goes such a good job.

Mint Is Making Money on Its Money-Making

WASHINGTON (AP — The Bureau of the Mint is making money on its money-making operations.

You could do the same if you could legally manufacture 100 pennies for 27 cents or a dollar's worth of nickels for just 12 cents.

That's the kind of profit the mints are making on the production of pennies, nickels, dimes, quarters and half dollars.

The mint made available to a reporter a study which showed that it makes a profit of 73 cents on every 100 pennies. Manufacture costs come to 8 cents and the metal used in the pennies costs 19 cents. The rest is profit.

On five-cent pieces, it takes only 9 cents worth of metal to make a dollar's worth. Manufacturing costs total 3 cents.

The mint business is so profitable that some officials would like Congress to stop making an annual appropriation for the bureau. The money isn't needed. Congress insists on making a token appropriation, however, on the theory this gives the legislators more control over the agency.

In the 1957 fiscal year, the latest for which tabulations are available, the mint had a total income of nearly 94 million dollars. About half of it was clear profit which was turned over to the Treasury's general fund.

All this was done on an appropriation of $3,650,000.

Cash Awards Offered Daily On "Kay Calls For Cash"

Put your thinking cap on and get set when . . . "Kay Calls For Cash."

Here's your chance to fatten your pocketbook for those soon-to-be-purchased Christmas presents. It's a brand new, full-hour Channel 11 morning feature with popular TV hostess Kay Neumann handing out the cash.

Beginning Monday, September 21, at 9 a. m., Kay will act as hostess on "Kay Calls For Cash." Cash awards will be offered to persons correctly answering Kay's telephone questions. The jackpot, beginning at $100, will be increased by $11 each time a viewer fails to answer the question of the day. That means there's no limit to the amount of money you can win on "Kay Calls For Cash."

Also scheduled Monday on Channel 11 is another in the series of NBC News Specials as well as a brand new comedy series. At 7:30 p. m., the fourth in a series of "The VIP" will cover Soviet Premiere Khrushchev's activities in San Francisco. Thirty minutes later, at 8 p. m., William Demarest, Stubby Kaye, Kay Armen, Jeanne Bal and Murray Hamilton will be seen in the new comedy feature, "Love and Marriage."

Monday evening at 10 p. m., Channel 11 will present the fourth in a series of spectaculars dealing with the celebration of Pittsburgh's Bicentennial. "Pittsburgh Cavalcade" will explore the rivers and the part they played in the history and development of the city of Pittsburgh.

With this show marking the largest cast and most ambitious sets in the four-part series to date, Monday's Spectacular will have to be a "must-see".

JEROME KERN SALUTED

There's a real treat in store Tuesday evening when NBC unveils the first, sparkling 90-minute spectacular of the new season! It's "A Toast to Jerome Kern", featuring many of your favorite Kern hits. You'll see Howard Keel, Patrice Munsel, Carol Channing, Louis Prima and Keely Smith, Hugh Downs, Bambi Linn and Kelly Brown, Sam Butera and the Witnesses and dancer John Bubbles. Bob Cummings will host the musical extravaganza.

You also won't want to miss Channel 11's telecast of "The 11th Grand National Pillsbury Bake-Off Awards" Tuesday, September 22, at 4:30 p. m. NBC's Art Linkletter will emcee the presentation ceremoney from the Beverly Hilton Hotel, Beverly Hills, Calif.

Friday night, September 25, the television industry will salute another all-time favorite entertainer. "An Evening with Jimmy Durante" will be seen at 8:30 p.m.

On hand with Jimmy will be Lawrence Welk, Sal Mineo, Gisele MacKenzie, Bobby Darrin and five-year-old pianist Ginny Tiu.

With cool breezes prevailing in the Tri-State, football gets into full swing this week-end on Channel 11. Saturday, September 26, at 3:15 p. m., the NCAA Game of the Week features the powers of Northwestern against the University of Oklahoma at Evanston, Ill.

Sunday afternoon, September 27, Channel 11 sportscaster Mal Alberts will bring you all the exciting play-by-play action of the University of Pittsburgh - Southern California game. Game time is 3 p. m.

Here's a note for you Perry Como fans! Perry returns on Wednesday, September 30, at 9 p. m., for a full-hour of musical entertainment!

Home For A Successful Man

If you enjoy the finer things in life then you will truly appreciate the trim, handsome and boldly modern flair of this new one floor home. The outside is definitely imposing, brick construction, two car garage, three nice size bedrooms, bath and a half. Imagine the pride of owning this beautiful ranch home. This home is priced less than you can build it.

MOUNTS REALTY
286 E. State ED. 7-9322

Ranch Home

If you think well-built ranch homes are hard to find at a reasonable price, we invite you to inspect this one. It's a 3-bedroom ranch, the kitchen has birch cabinets and enough dining space for a banquet, an enclosed stairway to the basement, and the basement can easily be converted into a recreation room. The 33-bedrooms are adequate size with sufficient closet space . . . of course there's an attached garage and an attractive lot. Best of all the price is only $15,800.

Exceptional Opportunity

One of Salem's "Most Attractive" older homes, conveniently located. Suitable for a professional office with off-street parking and a 3-bedroom apartment on second floor. This property is in the best of condition and needs only moderate changes to convert to a professional office.

4-H Club News

Hanover Township Wide-awakes

Plans for next year's club work were discussed at a recent meeting of Hanover Township Wide-awakes 4-H Club in the home of David and Diana Kiewall of Kensington. Paul Zehanthauer is advisor.

Seventeen members, seven visitors and three parents attended the session. The club will hold regular meetings the first Monday night of each month. The Oct. 5 meeting will be at the Legion Hall.

A get well cad was sent to Bill Richey, who recently underwent surgery. C. P. Kelton, a former leader, was in attendance.

A treasurer hunt, games and songs and a wiener roast were enjoyed following the business session.

Deaths and Funerals

Joseph M. Brady

Joseph M. Brady, 67, formerly of Salem, died Saturday morning at Crile Veterans Hospital.

Born in 1892 in Cooperstown, N.Y., he came to Salem in 1957 and later lived in Florida and Texas.

A World War I Veteran, he served in Co. C 309th Machine Gun Battalion.

Besides his wife, Maude Getz Brady, he is survived by three stepsons, Dwight E. Getz of Corpus Christi, Texas; Keith L. Getz of Quakertown, Pa.; and Joseph O. Getz of Valparaiso, Ind.; and a sister, Miss Edna Brady of Hempstead, L.I., N.Y.

Funeral arrangements are incomplete, but burial will be in Arlington National Cemetery.

Alex Burns Sr.

SEBRING — Alex Burns Sr., 67, of 355 N. 11th St., died of complications at 9 a.m. Sunday at Alliance City Hospital. He had been ill four months.

Born in Ayrshire, Scotland, Jan. 20, 1892, he was the son of Alex and Elizabeth Lyle Burns.

A resident here 32 years, he was a lifetime member of the Masonic Lodge of Scotland. He was formerly employed by the Smith Township maintenance department.

Survivors include his wife, Nellie; a son, Alex Jr. and two daughters, Mrs. Emily Cardinal and Mrs. Betty Steele, all of Sebring; four brothers and two sisters in Scotland; nine grandsons; and a great-grandson.

Services will be held at the Vogt Funeral Home here at 1:30 p.m. Wednesday. The Rev. Franklin McAllister of the United Presbyterian Church will officiate, with burial in Grandview Cemetery here.

Friends may call at the funeral home Tuesday from 7 to 9 p.m.

Miss Ethel Mosher

Miss Ethel Mosher, 70, of Linesville, Pa., died at 5 p.m. Sunday at City Hospital where she was admitted Aug. 21 for medical treatment.

X-Ray Unit To Make 18th Visit Here

The Columbiana County Public Health League's mobile X-ray unit will make its 18th visit to Salem Thursday, Friday and Saturday.

The unit will be located on Broadway, at the Strouss-Hirshberg Store. Adults will be offered free chest X-rays each day from 10 a.m. to 12 noon, 2 to 4 and 6 to 8 p.m.

Miss Eleanor Szkola of the Salem Health Department and Miss Kaye Lindner of the Health League will handle the clerical duties. Louis Fortier, technician for the unit, will take pictures at the rate of two persons per minute.

The equipment uses the new Odelka-Fairchild camera and fast film. Radiation is kept to a minimum, Miss Lillian R. Schroeder, executive director of the League, pointed out.

Free diabetic detection kits will also be available to those who desire them. This is a simple test for glycosuria (sugar in the urine) that the individual can make at home.

This is a new service offered by the League and is endorsed by the Columbiana County Medical Society, Miss Schroeder said.

Tuberculosis and diabetes often do not have symptoms in their earlier stages, yet the earlier they are found the better chance for recovery, Miss Schroeder added.

In the current three-day visit, the League seeks to examine persons in the "over 40" age group. This age group is most frequently affected by "hidden" tuberculosis.

A prize will be awarded the oldest person coming to the unit each day.

The total number of chest X-rays financed by Christmas seals exceeds 140,000, since the free service was inaugurated in 1944.

Steel Users Back Stand Of Industry

CLEVELAND (AP) — Even though inventories are "dangerously low," steel users are "reaffirming their support of steel management's stand" in the current strike, the Magazine Steel said today.

The metalworking weekly declared that "steelmakers have the solid backing of most of their customers as they continue their fight for a non-inflationary labor contract.

Stell declared that some users "would rather close their doors than see the industry grant wage concessions that could have the double-barreled effect of raising both their employment and raw material costs.

Small and medium size companies are feeling the shortage, the magazine reported. "First they stretched their inventories by shutting down for vacations. Now, they're trying to substitute other sizes, grades, or gages for material they normally would use.

"Next, they'll curtail production and, finally, they'll close their doors.

Big users are better stocked, but some of them already are in trouble, steel reported.

Within two weeks steel inventories will be down to 14 million tons, termed by steel "close to minimum for the current level of economic activity.

Arkansas School Case Goes Into U.S. Court Today

ST. LOUIS (AP) — The U. S. Eighth Circuit Court of Appeals today considers—a month ahead of schedule—the integration case involving Arkansas' rural Dollarway School District.

The court will hear arguments on an appeal by the ditrict from an order by U.S. Dist. Judge Axel J. Beck to admit three Negro pupils to an all-white school near Pine Bluff.

The case previously had been set for the November docket, but the appeals court gave it emergency handling at the request of attorneys for the district and Arkansas Atty. Gen. Bruce Bennett.

Herschel Friday Jr., attorney for the district, said the decision of the appeals court "should serve as a guide for every other school district in the state" because the case tests pupil placement laws.

The district has postponed opening of the Dollarway School until a decision is made. The fall term had been set to open Sept. 8.

Bennett, appearing at an earlier hearing as a friend of the court, said upholding the lower court's decision would "torpedo the pupil placement laws throughout the nation."

The National Assn. for the Advancement of Colored People would contend delay in integration would cause them irreparable harm.

Boston Authorities Probing Death of Professor's Aide

BOSTON (AP)—A winsome and talented secretary of a university professor, returning from the Orient, was victim of violent death on shipboard after the world-girdling vessel left Boston, investigators said today.

The savagely battered body of Lynn Kauffman, 23, pretty Chicago divorcee, was found in Boston harbor Saturday, a day after the Dutch passenger-cargo steamer Utrecht sailed for New York.

The Utrecht cleared Commonwealth Pier, Boston, at 6:15 p.m. Friday. Conversation was held with the girl, through her cabin door, at 6:55 p.m.

In addition to the crew and a pilot, the ship carried 11 passengers. They included Juanita Spector, wife of Prof. Stanley Spector of Washington University, St. Louis. Prof. Spector, who was not aboard, had employed the young woman two years ago as secretary and during the past year as interpreter in his Far East studies.

Lynn made her home with the Spectors in Clayton, Mo., outside St. Louis.

It was Mrs. Spector who talked with the girl through the door.

Dr. Michael A. Luongo, medical examiner, said of the 100-pound, 5-foot-2 victim's death: "the official cause is drowning. However, she had several multiple blunt injuries about the face, head and other parts of the body, also severe brain injuries which were incurred before she drowned. The multiplicity of the injuries makes me go to the conclusion that this is a case of violence. I don't believe they could have been caused by a fall from a ship."

Dr. Luongo said he found no evidence of sex attack.

School Cafeteria Menu

This week's menus for the Salem High School cafeteria are as follows:

Tuesday, beef and gravy, mashed potatoes, carrot sticks, pineapple upsidedown cake, bread and butter, and milk.

Wednesday, ravioli, buttered peas, baked apple, bread and butter, milk.

Thousands In Protest March In Cleveland

CLEVELAND (AP) — An estimated 10,000 persons marched through downtown Cleveland Sunday in a solemn, funeral-like procession, protesting Soviet Premier Nikita S. Khrushchev's visit to this country.

Many in the line of march were sons and daughters of 17 European captive nations. Some wore black armbands. Others carried black-draped flags of the nations that have lost their freedom to Communism.

Julius Smetona, son of the former Lithuanian president, told the crowd in brief ceremonies at the mall on the lakefront following the march that the Soviet premier's visit will only strengthen Russian prestige.

"Khrushchev's invitation to come to the United States is important to him," the Cleveland attorney said. "But there is no good for our country in it."

An hour of prayer at St. John's Catholic Cathedral—where thousands of worshippers overflowed onto the sidewalks—preceded the march.

Police, who made the estimate on the number of marchers, expressed surprise at the huge turnout. They had expected only about 1,500. Police said out-of-town arrivals, including big contingents from Canton, Akron and Youngstown, were responsible for the huge throng.

Most of the marchers were dressed in black, gray or dark blue. Few wore the traditionally gay nationality costumes. They walked slowly in the measured footsteps of mourning and the men carried their hats as if in a funeral procession.

There was neither martial music nor cheering crowds, making it one of the quietest parades in the city's history.

Sponsors of the march were the Coordinating Committee of Nations Under the Communist Yoke and the American Friends of the Anti-Bolshevik Bloc of Nations.

Khrushchev

(Continued from Page One)

said — "just think, a little girl waving at a Communist"

Back aboard he came and later, just when we were beginning to think the unpredictable Mr. Khrushchev would stay put for awhile, he suddenly showed up in the press cars, preceded by six Soviet halfbacks.

Photographers screamed from the tops of seats. Reporters closed in. Khrushchev moved forward from car to car, his party commanding the aisle while reporters raced after him over the backs of seats.

Khrushchev talked easily, shooting in all directions.

No, he didn't bother to notice the missile center at Vandenberg Air Force Base — "We've got enough of our own and ours are better."

Yes, he felt better, he had no thought of cutting short his tour now that he was seeing "the people" free from the "house arrest" of his American protectors.

Suddenly we were all wept out of the train and onto the small station platform at San Luis Obispo. Police lines cracked and spectators moved in. Everyone seemed to be yelling.

A little girl of about eight was crying.

The Premier picked her up and held her high over his head, one eye on the photographers.

He moved forward relentlessly.

Finally, the Soviet security men had enough. With visible snarls, they puhed the whole party back toward the train.

Sen. Johnson

(Continued from Page One)

the 1960 Democratic presidential nominee.

Sen. John F. Kennedy (D-Mass) would like to enhance his bid for the nomination by obtaining passage of a minimum wage increase on top of his participation in the adoption of a labor control bill.

There will be a lot of opposition to raising the wage minimum, some of it from Southern Democrats.

Sen. Hubert H. Humphrey (D-Minn), who scattered his shots widely in the last session, wants a general farm bill passed which will give him an appeal to the rural areas of the Midwest. He must depend on them primarily for nomination support.

Sen. Stuart Symington (D-Mo) also has a stake in a new farm bill. He is expected to continue the drumfire of criticism he has directed at the Eisenhower administration for its defense and space policies.

pinned under the car in which he was riding when it overturned in Dayton.

Mrs. Francis Adams, 57, of New Carlisle, and William J. Neville, 87, of Springfield, in a two-car crash at the Ohio 201-Chambersburg Road intersection near Dayton. Mrs. Adams drove one car and Neville was a passenger in the other.

Steven Haubert, 15, of Rt. 1, Gibonburg, when his motorcycle —evidently with defective tires— wrecked north of Gibsonburg.

Mrs. Charles W. Reed, 66, of Shelby, when the car her husband was driving overturned in a ditch on U.S. 224 a mile west of Ohio 14 in Portage County.

George Miklos, 38, of Hubbard, shot by his 7-year-old son George Jr. when the boy accidentally discharged a .22-caliber rifle they were taking target practice with near their home.

John Roberts, 40, of Norwalk, when his car went off a road north of Willard and plunged into a creek.

Wife

(Continued from Page One)

Sergei, and maried daughters, Rada and Julia—and Papa Nikita —appear to be a very close family "'and I think they have fun together."

They're not formal at all, and Mrs. Khrushchev is "'definitely sort of the nucleus of the family."

Mrs. Khruhchev's English is fine for chit-chat but an interpreter is needed for anything complicated. Daughter Rada speaks very good English.

Traveling with the Khrushchevs is relaxed, Mrs. Lodge says.

"I' never feel there's a cold, awkward silence. They're receptive if you talk and they talk back in return.'
